Citizens Angry As City Council Meeting Closes

CITY COUNCIL ACCEPTS HIGHER BUDGET FOR THIRD STRAIGHT YEAR

The City of Daly City's budget of $802,660 for the fiscal year of 1953-54 tops last year's record breaking budget by $142,990. Last year's budget was $659,670.

At least one-third of the budget will be used to pay the salaries of city employees, according to figures released by Dan Andersen, city administrator. The city's payroll is $21,000 monthly or $242,000 for the coming year.

Important items in the budget include:

1. The development of Westlake park. This should be started within the next 30 days, Andersen said.

2. The cost of a special federal municipal census. Andersen estimated the population of Daly City will be in excess of 25,000 persons. This special census may make Daly City eligible for a 40 per cent increase in state subventions from gas tax, alcoholic beverage taxes, automobile taxes and other revenues.

3. The Westlake firehouse bids should be called for within 60 days. The funds for this area are from a bond issue, not the budget.

4. A 3 million gallon reservoir and sump worth $125,000 will be

(Continued on Page 2)

THE TOWN RECORD

By MONTE DAYTON

At last, the kids got their chance to show appreciation to Marchbanks park director FRANK INGERSOLL. On Friday the young fry gave him a surprise party honoring him on his birthday.

To show their thanks, they presented him with a sport shirt and a cap. After birthday greetings were sung, the children tore into scrumptious chocolate and strawberry shortcake served up by some of the mothers.

As the old platitude so aptly says it, a good time was had by all.

ROBERT M. HAHN, who got his three Rs in Daly City, is the new owner of the Crocker Deluxe Market, 200 Crocker avenue. Former proprietors were NILO SARGENTINI and LLOYD KENDALL.

Hahn started in the grocery vending business in 1939 at the Westlake Market here.

Retiring Water Superintendent ARTHUR BODIEN, commenting on the announcement that 18 additional city employees were to be hired next year, said, "it looks like they're bringing all of them in to fill the vacancy when I leave."

Also along city hall row, EVELYN COHN, secretary to the administrator, and husband, JOE, left yesterday for their annual rest-up.

They planned to travel first to Boyes Springs in Sonoma county,

JEFF STUDENT INVITED TO SUMMER SCHOOL

Joseph Louis Bocci Jr., 16, of 62 W. Cavour street, is one of 30 boys selected to attend the Junior Statesmen Summer school which will be held at Mills College in Oakland from July 19 to August 2.

Bocci, who will be a senior at Jefferson Union High school in

September, is a member of the Spanish Club, the Block J, and Students for America.

Jefferson Union High school is one of 80 schools in the state which has a chapter of the Junior Statesmen. The movement was begun in 1934 by Prof. E. A. Rogers of the Montezuma school in Los Gatos, Calif. The purpose of the movement is "to foster among high school students an understanding of and a desire and ability to participate in the workings of American government."

Young Bocci resides at the Cavour street address with his parents Mr. and Mrs. Joseph L. Bocci Sr.

HOPMAN REPORTS ON JUNE PERMITS

Building inspector George W. Hopman has reported that 44 building permits were issued in Daly City for the month ending June 31. The value of the buildings was $609,234.

A breakdown of Hopman's figures disclosed that permits were issued for 27 dwellings, 10 apartment buildings with 77 units, one commercial building, five dwelling alterations and one commercial alteration.

According to Hopman, the commercial building will be constructed for the Aero Motor Co. with a used car lot.

BROADMOOR COPS LAUNCH CAMPAIGN AGAINST SPEEDERS

Motorists driving over 25 miles an hour in Broadmoor henceforth will find the law looks askance at such activity.

The Broadmoor police commission met Tuesday night to launch a crack-down on speeders in the Broadmoor area. The police there will cite any driver going over 25 miles per hour.

The move was brought about by what was described as "a wave of speeding" in Broadmoor.

PAY BOOSTS FOR DAN ANDERSEN AND JIM MASON

Substantial salary boosts were given City Administrator Dan Andersen and Recreation Director Jim Mason at Monday night's city council meeting.

Andersen will be picking up monthly checks for $600 from now on, as compared with his $530 stipend of last year. Mason will collect $400 monthly in comparison with last year's checks for $350.

Neither of these offices are included under the recent Civil Service survey which the state took for cities in the northern part of San Mateo county.

Final Decision On Jeff School Bids Awaits Trustee Vote

It appears final decision on the controversy over bids submitted for Garden Village school site work will have to wait another week.

The Jefferson elementary district board of trustees met this week, minus Trustee Andrew Van Der Werff, and decided to postpone final action until July 23 when the vacationing trustee is expected to be present.

Question before the trustees is whether to force the Carrico and Guthier Co., low bidders for the project, to fulfill their contract or to reject all bids submitted and re-advertise for the work.

The firm seeks to withdraw their low bid of $32,733, explaining that they overlooked extensive grading operations.

District Superintendent H. Z. Weibel announced this week that the state department of school planning has approved preliminary plans for the Olympia school, to be located in Westlake subdivision No. 5.

The school, expected to be ready in 1954, will house six class rooms and a kindergarten room.

EDUCATION COSTS JUMP

Spending per pupil in the Jefferson Union High school district rose $8.18 last year, according to a report from the California Tax Payers' association.

Last year's cost was $363.23 as compared with $355.05 during the previous year, the report stated.

Teachers' salaries based on average daily attendance rose $14.26. Total was $229.11 as compared with $214.85.

As in elementary schools, teachers salaries take the biggest share of current expenses per pupil with other current expenses also a big item at the high school level, the report disclosed.

Harris Woman Asks For Trial By Jury; Set For Fourth Of August

Lila Harris of 124 Jones street, San Francisco, pleaded not guilty to a charge of attempting to steal the money sack from the Market Basket Grocery, 6318 Mission street, and demanded a jury trial.

She was arrested on June 17 by Officer Hank Sundermann and taken to the Daly City police station where she gave the name of Judy Lee. Later police discovered her identity. They claim that she has a long record of arrests.

Representing her is John Fahey Jr. At the present time, his client is free on $500 bail.

Date of the trial was set for Tuesday, August 4 by Judge Thomas L. Bocci.

Police Commission Sets Civil Service Exam In Broadmoor

Frank Corso, newly appointed member of the Broadmoor police commission attended his first meeting of the commission Tuesday night.

At the meeting it was decided to hold a civil service examination for patrolmen within 30 days.

There is a request to expand the duties of the Broadmoor police to include the whole fire protection district. If the county board of supervisors decides to do this additional patrolmen will be necessary, according to Police Chief Ray Savage.

A survey is being taken at the present time to compare wage scales of the Broadmoor police with those of other districts in the area. As a result of this survey there may be a raise in pay for the officers of the district, Chief Savage said.

The Broadmoor force consists of three full time patrolmen, including Chief Savage, and two other men who work one day each on the weekend.

MINORS ATTENTION!

Persons under the age of 18 must be engaged in a lawful occupation or be accompanied by a parent, guardian, or a responsible adult to be on the streets of Daly City between the hours of 10 p.m. and daylight, according to an amendment to the curfew law passed Monday night by the city council.

Included in the amendment are provisions to keep minors out of restaurants, cafes, and creameries after the 10 o'clock deadline unless accompanied by responsible persons.

Original Member Broadmoor Police Commission Dies

Jack Gordon, 43, died of a heart ailment at his home, 30 Village place, Colma, Saturday night.

Gordon, one of the original commissioners of the Broadmoor police, had been made an honorary life member of the Broadmoor police commisison upon his retirement two years ago.

He moved to San Mateo after retiring from the Broadmoor police commisison. Recently, he moved to Colma upon the advice of his doctor.

Surviving are his wife Veni, and a son Jack Jr., five.

The body has been flown to New York for burial.

Councilman Green Is Now On Vacation Time

A reliable source reported that city councilman J. Paul Green is vacationing in Southern California at the present time.

According to the source, Green left a week ago last Monday. He is expected back in time to attend the July 27 meeting of the city council.

BLOOD DONORS

The following persons donated blood to the San Mateo county blood bank:

Carmie H. Zimmerman, Michaie Grassini, Mr. and Mrs. Nathan Temkin, and Mrs. Frances O. Kirkhofer.

COMMITTEES TO STUDY DALY CITY METER SITUATION

The parking meter proponents appeared in the minority Wednesday night at a joint meeting of the Chamber of Commerce and Daly City merchants.

The meeting was held to discuss the long-argued parking situation near the "top of the hill."

Approximately 65 merchants and chamber members turned up to present many and varying solutions to the problem.

Only six of those present favored retaining the meters.

Off street parking gained the majority of favor, while closer police surveillance of the meters was also suggested.

As a result of the meeting, six committees were named to conduct a survey on the parking, the results of which are scheduled to be ready in approximately one month.

Committees are: Comparative municipal survey, Robert Hunter, chairman, Ira Neville and Peter Markovich; financial, Tom Callan, chairman, Ray Charette and Rudy Wolmouth; publicity, Markovich, chairman, Charette and Walt Rector; legal, George Glasse, chairman, Hunter and Neville; and purchases and leases, George Lagomarsino, chairman, Callan and Rector; utilities, Hugh Smith, chairman, Lagomarsino, Warmouth and Glasse.

First meeting of the committee is set for Wednesday night. When the survey is completed the results will be given at a meeting open to the general public.

The group then plans to submit their recommendations to the city council.

Andersen Instructed To Request Federal Municipal Census Soon

City Administrator Dan Andersen was instructed by the city council Monday night to request a federal municipal census for Daly City soon.

According to Andersen the purpose of the census is to count the approximately 10,000 new residents of the area, and to make Daly City eligible for a larger share of taxes collected on gasoline. These taxes are used for street repairs and maintenance.

The city administrator estimated that the census would be started around the first of January 1954.

Two Broadmoor Women Missing Since Weekend

All points bulletins have been issued for two Broadmoor women missing since last weekend, Police Chief Ray Savage disclosed Wednesday.

Reported missing are: Mrs. Mary Louise Auger, 31, of 764 Maddux drive, and Mrs. Emma Hopp, 34, of 1179 Nimitz.

Mrs. Hopp has been missing since July 10. Mrs. Auger has been missing since July 11.

Chief Savage reported that he had investigated the possibility that the two women left together, but could find no evidence to show that they were acquainted.

Water Bonds Will Be Deposited In Westlake; Colma Gets Fire Bonds

The city council spread around some of its banked assets Monday night when it voted to deposit money from water bonds in the Westlake branch of the Bank of America, and fire bonds in the Colma branch of the Bank of America.

These were two separate items on the agenda, and two additional votes had to be taken to validate the signatures of the city clerk and the mayor for the purpose of handling the money.

Accuse Members Of Not Hearing Public Protest On Subject

By Joe Bryan

The city council alienated the affections of at least five Daly City residents Monday night. They were Mrs. Louis Ramacciotti, 1094 Hillside boulevard; Ralph M. Dennis, 2380 Eighth street; Oreste Rocchi, 40 Mateo avenue; Bud Matheny, 247 First street; Lagomarsino Jr., and Eugene Lagomarsino of 46 San Pedro road.

These people had come to the meeting to speak at the hearing of the abandonment of Atianta street. However, the hearing was closed before any of them got the floor. Apparently none of them were in the council chamber when the hearing was opened, or they didn't hear the matter come up on the agenda.

A resolution was read into the minutes of the city council commending Theodore Wickersham for his 34 years service to Daly City as a volunteer fireman. "Wick" went into retirement on July 1st.

It Was A Mistake

The hearing on the abandonment of Atlanta street did precede the reading of the minutes of the meeting of June 29, City Administrator Dan Andersen admitted Tuesday.

Andersen said that a mistake had been made, and the order of the agenda was not followed.

No hearing on the rezoning for the PG&E was held because Councilman J. Paul Green is on vacation, Andersen explained.

Second reading for the rezoning will be held at the July 27 meeting of the city council, according to Andersen. At that time, the first reading on the abandonment of Atlanta street will occur, he said.

DOLWIG LAUDS SOUTH BAY CROSSING AT DC CHAMBER MEETING

Advantages of a southern bay crossing were stressed in detail yesterday by Assemblyman Richard Dolwig of San Carlos at the regular luncheon meeting of the Daly City Chamber of Commerce.

Dolwig pointed out that "propagandists" were spreading the word that cost for the southern bridge would be in excess of $250,000,000 as compared with $183,000,000 for the parallel span.

"The truth is," Dolwig said "is that the southern crossing would cost approximately $178,000,000."

He said "interests" in Oakland, along with Governor Earl Warren, two senators and congressman, were booming for the parallel span.

Dolwig also spoke briefly on the advantages of a northern water barrier.

Brunswick Extension Project Payment Asked By Bragato Paving Co.

A claim for $15,068.72 was filed against the city of Daly City for work done on the Brunswick extension project by the Bragato Paving Co. at Monday night's council meeting.

The claim was recognized, but denied, and turned over to City Attorney Frank Blum for study.

DALY CITYANS ON FEDERAL GRAND JURY

Two local persons have been chosen to serve on the grand jury in San Francisco. They are John Dake Jr. 253½ Winchester street and Mrs. Vivian L. Davenport of 60 Forrest drive.

George Lagomarsino Jr.

"When I arrived at the meeting City Clerk B. C. Ross was reading the minutes of the previous meeting. I didn't hear anything mentioned about the abandonment of Atlanta street. What must have happened was that the order of business was altered and the hearing held before the minutes were read. It was a dirty trick. None of us were given a chance to speak.

"As far as I know there hasn't been one Daly City resident who has stood up in the city council chambers and spoken in favor of the PG&E substation. This is all the council's doings. Although the abandonment of Atlanta street is just part of the things necessary for the construction to begin, we opposed it, hoping that the substation could be located in some other place."

Mrs. Louise Ramacciotti

"How many times do we have to come up here to let the city council know that we don't like the idea of putting the PG&E substation so close to the school? I came to the council meeting early, the first to arrive, and I stepped out for just a moment. When I returned, the hearing was over. I didn't know it. I sat until the end of the meeting waiting for them to bring it up. It was mighty quick.

"There are over 300 persons who don't want the substation in that place. We should have been given a chance to speak. It was something political."

Oreste Rocchi

"I came expecting to speak against the PG&E substation. Councilman Joe Verducci said that the hearing was held two weeks ago. I wanted to talk against the abandonment of Atlanta street. I waited, but I never heard the matter brought up. As long as we're throwing away taxpayers' money, let's buy a public address system and set it up by the council's table so that persons in the audience can hear what's going on.

"I'm mad about the whole thing. There's something funny going on. I had something to say and didn't get a chance to say it. I don't like that."

Dennis, Eugene Lagomarsino and Matheny agreed with the previous speakers. They were not in favor of the abandonment of Atlanta street. They were against the substation. They demanded to know how fire trucks could be summoned.

These six people approached Councilman Ed Dennis after the meeting and asked him what had

(Continued on Page 2)

Resume Work On Hi School Addition

Work on the Jefferson High school cafeteria addition, delayed for nearly a month because of a laborers' walkout, was resumed last Friday after the striking workers were granted a 15-cent hourly wage increase.

However, the addition is not expected to be completed before the spring of 1954, according to Stanford Hannah, district superintendent.

The high school project will include a cafeteria, home-making department, teachers' conference room, a little theatre for drama productions and a nurses' office.

The high school district's board meeting scheduled for last Monday was called off due to lack of a quorum. Trustees Elio Fontana and Lyal Ingersoll were the only board members present. Next regular board meeting will be held Monday, July 27.

NIANTIC STREET PETITIONERS BEFORE COUNCIL

Ask Protection For Children; Report Attempted Molesting

At Monday night's council meeting R. Champion of 771 Niantic avenue presented a petition to put a fence around the waterworks and to lock the gate. The purpose of the fence is to protect children between ages of five and 10 who play in the area.

Champion disclosed that in the past six weeks there have been two complaints of "adult characters" attempting to molest children on the playground, and that in both instances Daly City police were called to the scene, but no arrests resulted because the would-be molesters had fled.

According to Champion, the playground has been supervised in years past by high school girls, but the practice has been discontinued for several years.

Councilman Joe Verducci stated that an attempt will be made to place a supervisor on the playground in the near future. The council voted to take the matter of the fence under advisement.

Council Accepts Record High Budget

(Continued from Page 1)

built during this fiscal year. The revenue for this will come from water department receipts. Bids for this should be called for within 30 days.

Of the budget money, $665,630 is designated as the general fund and is deposited in the Daly City branch of the Bank of America. Employees' salaries and expenses are paid from this fund. The police department is sustained by this fund.

The remainder of the $802,660 is placed in special funds which are set up for fire protection, parks, the library and retirement to mention a few.

Of the budget, $10,000 comes from the state for the care and maintenance of highways, roads and streets. Forty-two per cent comes from property assessments and the remainder is collected on parking meters, the water department, licenses, fines, building permits.

Andersen disclosed that the city council could have raised the tax rate 11 cents legally. He stated that the tax rate in Daly City is 39 cents per $100, and that the additional 49 cents which have been assessed, and will be this year, are the result of bond issues. The state of California allows cities under its general rule to collect $1 per hundred in taxes. Daly City is a sixth class city under the general rule of the state of California.

The city administrator also disclosed that two additional firemen will be hired as soon as the dormatory at firehouse No. 2 is completed. He said this will permit immediate and effective use of fire equipment day and night. These men will be just two of the 18 new employees that the city council plans to hire during the fiscal year.

According to Andersen, the civil service lists take two months to prepare and this sometimes delays hiring of new employees when there is no list available. He pointed out that at the present time, there is an examination being prepared to set up a list of persons eligible for employment as policemen.

Raises which city employees get during the new fiscal year will be a result of Daly City accepting the survey made by the state. Some of these will be about 10 per cent. Others will not be so high. On the whole salaries will tend to increase somewhat, Andersen declared.

This marks the third straight year that the budget of Daly City has been increased, but it is the first time the budget has passed the three quarters of a million mark.

Dear Guest . . .

THE BOOKS OF ETIQUETTE SAY, it's thoughtful to take a gift to your hostess on the first visit for a week-end and if you're a frequent guest, an occasional gift is correct. The gift need not be expensive or beyond your means for it might embarrass the hostess. And according to Catherine Frangk, hosiery consultant for Cannon Mills, a perfect "Thank you, for a delightful week-end" may be said by way of several pairs of 60 gauge, 15 denier properly fitted hosiery in the season's lovely glowtones . . . they could very well encourage many gay week-end invitations to follow. The Town Record

(Continued from Page 1)

then either to Los Angeles or Boulder Creek

Publicity and Promotion department: Tuesday night on the RED (he really does have all his marbles) BLANCHARD show a contingent from Westlake was represented. When the zany jock discey (that's a Blanchardism for disc jockey) asked the kids to say something about Westlake, they launched into the murder-suicide scandal of recent,, and their dialogue went something like this: "This guy comes into this bar—it's called the lounge—and pulls a .45 . . ."

With that Blanchard cut their radio debut short and went on to the next not so morbid member of the audience.

Citizens who have been putting mail in the Daly City garbage cans by error won't be able to make that mistake in the future.

When Councilman ED DENNIS reported that such things have been going on, City Administrator DAN ANDERSEN disclosed that he had made arrangements to have the green colored cans removed from streets, and painted a lighter color.

The wheels of justice grind exceeding slow: Monday night the city council agreed to return $100 posted by bail bondsman FRANK GITANO. Gitano had put up the money while JUDGE WILLIAM SWEENEY was in office, back in 1952.

What with the upheavel of courts and what-not, Gitano's claim to the money (or the money) was apparently lost in the process.

However, though the time is later, Gitano is richer again and, therefore, much happier.

Two ladies have beaten the law, so to speak.

A while back a local bobby had a mishap in his machine, with the result that the two women in question filed claims against the city.

Monday night they collected: $67.75—every darn penny of it.

A short, but appreciated visit to MR. and MRS. FELIX DARRAGH, 129 San Diego avenue, was paid this week by their daughter, MARGARET FISHER, who flew in Tuesday night from Ridgewood, New Jersey.

Mrs. Fisher landed Tuesday in San Francisco airport and, much to her disbelief her husband, DR. E. L. FISHER, whom she thought in Alaska, was waiting at the airport. He had arrived 10 minutes earlier from the northland.

Purpose of their coming was to see (they hoped) the new child of their son and daughter-in-law, MR. and MRS. WESLEY FISHER, of Sacramento.

They couldn't have timed it better. Tuesday a girl was born to the couple, so the elder Fishers took off pronto for Sacramento.

Before heading back east they'll be dropping into Daly City again to finish their abbreviated visit.

Oh, incidentally, if you hadn't already figured it out, the new arrival makes the DARRAGHS great grandparents.

THINKING AHEAD

You can save lots of traffic headaches by selecting the proper lane for each driving maneuver you make, and by not changing lanes without reason. The California State Automobile Association points out that better drivers think ahead and choose the proper lane for turning right or left or for driving straight thru.

Citizens Angry At Council Meeting

(Continued from Page 1)

happened. Dennis said that the rezoning in favor of the PG&E substation had been postponed until July 27, because of the absence of Councilman J. Paul Green.

Dennis said, "I'm on your side. I wasn't going to change my vote in favor of the substation. The reason the vote on the rezoning was postponed is because Councilman Verducci and myself wouldn't change our minds. The vote would have been a tie.

"Verducci and I are on record as opposing the substation. Gaggero, Kennedy and Green favor it. Tonight's vote would have been a tie, so the matter was postponed.

CHANGE OF OIL

It is difficult to establish a standard rule for changing oil in your car. Driving habits are the only safe guides. When the car is driven in city traffic most of the time changing oil at 1,000-mile intervals is not too often.

In The Past

10 Years Ago
In The Record

Friday, July 16—John Derungs was elected commander of Daly City post No. 410 Thursday night, July 8 at the regular meeting of the legionnaires.

Other officers selected were: Mel Smith, first vice-commander; Jimmy Hughes, second vice-commander; Felix Foreman, finance officer; William Lanigan, chaplain; D. A. Mills, historian; Henry T. Ford, sergeant - at - arms; Emil Pahlka, John Matzek, Felix K. Jakobsen, executive committee. Pahlka, Champman, Lesley Hill, Derunga and Jakobsen were chosen state convention delegates.

August Hanson was instrumental in securing 4800 pounds of grease, proceeds from which went to the U.S.O., through one of the steamship companies. The boats had not previously salvaged the waste fats and greases, and Hanson was able to secure their cooperation in this war service field.

Vital statistics compiled by county clerk W. H. Augustus revealed last week that Mr. and Mrs. Walter B. McCarley, Colma were the parents of a daughter born July 2 at South San Francisco hospital, and Mr. and Mrs. Hilliard Shroug, 174 School street were the parents of a daughter July 2 at Mills hospital.

A marriage license was issued to Joseph Piccardo, 22 San Francisco, and Yolando Bruna Lucchesi, 17, Colma.

Miss Lillian Cavagnaro, 328 Irington street, entertained at dinner Thursday evening July 8 for several of her friends.

Guests included: Miss Hazel Johnson, Miss Lorraine DeVere, Mrs. William Mooney, Miss Muriel Mooney, Miss June Volkman, and Miss Gloria Linden.

15 Years Ago In
In The Record

Friday, July 15—Miss Jacqueline Conci celebrated her third birthday with a party Thursday afternoon of last week at the home of her parents Mr. and Mrs. Conci of Parkview avenue.

The dinning room was prettily decorated with many colored balloons. The table and candy baskets were adorned with "Snow White and the Seven Dwarfs." The little girls received toy wrist watches, and the boys received toy machines as souvenirs.

Those enjoying the afternoon were: Mrs. Madeline Ferro, and son Billy; Mrs. Murtle Domeniei and daughter, Grace Marie; Mrs. Murtle Graselle, and daughters Myrtle and Dale; Mrs. Agnes Kadobs, and daughter Judith; Mrs. Dorothy Glover and sons, Billy and Donnie; Mrs. Rena Beecher, and daughter Joan, Mrs. Elsie Andersen, and son Roger, Mrs. Verna Borges, and Mrs. Virginia Webb.

A group of friends gathered at the house of Mrs. L. Verbruggi of Whittier street Wednesday of this week where they honored Mrs. Ernest Koch of Hanover street with a surprise stork shower.

The table was artistically decorated in pink and blue. A fancy adorned stork cake and an umbrella with pink streamers was the table's center. The favors were miniature baby carriages.

The guest of honor received many lovely gifts for the expected stranger.

Among those present were: Mrs. Verbrugge, Mrs. Koch, Mrs. H. McKay, Mrs. L. Harris, Mrs. D. Reed, Mrs. F. Morehouse, Mrs. E. Bolger, Mrs. R. Shade, Mrs. A. Ness, Mrs. G. Olmstead, Mrs. L. Foulkes, Mrs. W. Reimer, Mrs. A. Love, Mrs. L. Eckhardt, Mrs. E. Capella, and Mrs. Val Verbrugge.

Also there were: Miss C. Verbrugge, Virginia Humphrey, and Louise Olmstead.

The third annual chicken barbecue was given by the Merry Good Fellows Social club of Colma on Sunday July 10 at Alum Rock park San Jose.

The group enjoyed themselves during the day with hiking, swimming, dancing and Picnicking.

Those present were: Messers. L. Rammacciotti, P. Rammacciotto, Vincent Varni, Dave Biocelli, Al Ackermann, Fugieo Tarente, Guido Lazzari, Arthur Rosaia, Elio Rosaia, Leno Rosaia, and Ernes Rosaia.

Miss Helen Holtizman, Miss Mary Rosaia, and Miss Lorraine Grondona were there also.

Others present were Mrs. J. J. Grondona, Mrs. L. Rammacciotti, and Mrs. P. Rammacciotti.

25 Years Ago
In The Record

July 25—B. B. Milano of Templeton street returned home after spending several days in Capitola.

Mr. and Mrs. J. Croshie and son Jack of Bellevue returned home this week after a 10 day motoring trip.

Miss Myrtle Chandler of 600 Hanover street spent several days of this week visiting friends in San Francisco.

Mrs. Pescaro and son Richard of 6398 Mission street left last week for Blue Lake where they will spend their vacation.

Mrs. E. E. Foss and family of Los Banos avenue returned home last Sunday after several weeks spent at Rockaway beach.

Mrs. Phil Ross and daughter Mildred of Rice street left this week for Salinas where they will spend their vacation.

Mr. and Mrs. Gus Holmberg of Peoria street with a group of friends motored to Mayfield last Sunday and picnicked for the day.

Mr. and Mrs. E. J. Greene of Peoria street motored to Redwood City last Sunday and were the guests of Mr. and Mrs. L. Gregoire.

Alan Childers and Harold Childers of Oliver street, Roy Olmo and Len Kusper of Colma left last Saturday afternoon on a motor trip to Canada.

Mr. and Mrs. W. Sweeney of Mission street motored to Rio Nido last Friday to visit Mrs. George Lagomarsino and family who are spending their summer vacation there at their summer home. William and Ray Sweeney are there also spendig their vacation with the Lagomarsino family.

Audio-Visual Aids Usage Increased In County Schools

A sharp increase in usage of audio-visual materials among the schools of the county during the 1952-53 school year was reported today by county superintendent of schools James R. Tormey. The past school year marked the initiation of a program in which the audio-visual services of the county schools office were no longer "free" service, but the costs of the program were shared in part by the local districts.

During the 1952-53 school year, 8,841 bookings of 16 mm. moving picture films occurred in comparison with 7,217 in the previous year and 7,027 in the school year 1950-51. Last year, 4,102 bookings of film strips compared with 2,799 in the school year 1951-52 and approximately the same number the preceding school year.

Tormey pointed out that 29 of the 30 school districts in the county now participate in the "share" audio-visual library program.

Attention Vets Taking Civil Service Examinations

Here's a tip to every veteran planing to take a state civil service examination: Apply for veterans' preference well ahead of the examination date. Then your preference points can be added to your final passing score as soon as it is determined, enabling you to be considered right away for any vacancies.

This suggestion comes from Flayd D. Granger, Veterans Service Officer of San Mateo county, who adds: "By filing for veterans' preference early, a veteran can avoid being listed lower than he deserves on an employment list and thus losing out on a job completely.

"A job appointment once made," he said, "may not be invalidated by any subsequent change in scores."

Once established, entitlement to veterans' preference points in state civil service is a matter of permanent record. Disabled veterans claiming fifteen preference points must re-establish eligibility with each test taken. But they too can and should file early, since verification of their disability must be obtained from the Veterans Administration.

Granger explained that the State Department of Veterans affairs keeps permanent lists of all veterans who have applied for preference points in state civil service examinations. Veterans and widows of veterans are entitled to receive a ten-point preference upon attaining a passing mark; veterans with disabilities rated at least ten per cent by the Veterans Administration are entitled to fifteen preference points under the same conditions.

Applications for veterans' preference may be obtained from offices of the State Personnel Board or from the Veterans Service Office in the Courthouse, Redwood City.

MARGIN OF SAFETY

Your "margin of safety" when driving is the distance you can see clearly ahead of your car, points out the California State Automobile Association. To maintain that safe margin, don't follow another car too closely, never pass on hills and curves, and don't drive faster at night than your margin of safety will permit.

HOW CAN I?

By Anne Ashley

Q. How can I keep moths out of a piano?

A. Rub turpentine occasionally over the woodwork on the inside of the piano. Moths will not trouble it, even if unused for a long time. A small bag of gum camphor put inside a piano at each end protects the felt.

Q. How can I make lumpy gravy smooth?

A. Beat it with an eggbeater until the lumps disappear. When the gravy does not brown as it should, add to it a tablespoon of strong coffee. The addition of a tablespoon of cream to brown gravy makes it delicious.

Q. What can I do to furniture that has become so dried that it refuses to take a polish?

A. Apply with a soft cloth a solution made of three parts linseed oil to one part turpentine. After this, wipe with a cloth which has been dampened with alcohol, and let stand for a few minutes before polishing.

Q. How can I remove mildew from linen?

A. Soak in kerosene for two days, then wash well; rinse thoroughly.

Q. How can I rid the kitchen of flies or mosquitoes?

A. By placing a cup of vinegar on the stove where it will simmer emough to make an odor. Or, burn camphor on the stove two or three times a day.

Q. How can I remedy sour and dry soil?

A. For sweetening sour soils, the use of lime is very good. To improve the moisture retaining qualities of dry soil, incorporate liberal quantities of peat moss or humus.

Q. How can I clean light felt hats?

A. Rub the soiled parts, or the entire hat for a few hours, or overnight, and then brush off with a soft brush.

Q. How can I easily remove ink stains from the fingers?

A. Rub a little vinegar on the stains, then wash in soapy water.

Q. How can I prepare a molded salad if I have no molds?

A. The muffin tins often prove ideal for preparing molded salads. They make just the size required for a small serving and take up less room in the refrigerator than individual molds. They prove particularly handy when serving a large number of guests, as one seldom has a very great many molds on hand.

Q. How can I remove machine grease spots from clothing?

A. Add a little ammonia and soap to cold water and apply it to the fabric. Ammonia in which salt has been dissolved will also remove grease spots.

Tormey Reports School Attendance Gains In County

Year end figures on the official average daily attendance of the San Mateo county schools released today by James R. Tormey, county superintendent, show for the fourth year an increase of over ten per cent.

Total attendance for the 1952-53 school year was 50,744 or an increase of 5152 in attendance for an 11.3 per cent over-all gain.

The largest gain was at the elementary school level with 4403 or 12.6 per cent. High school attendance increased 884 or 10.2 per cent.

Junior college attendance was slightly lower with a loss of 135 or a decrease of 6.5 per cent.

Although the state over-all figures will not be released for some time, it can be estimated that for the fourth year, San Mateo will once again be among the top counties in school attendance gains.

'Blind' Application Of Roll Roofing Conceals All Nails

Asphalt roll roofing, often used for garages, farm service buildings, and other utility structures, can be applied so that all nail heads are concealed.

"Blind nailing" is an excellent method of application wherever roll roofing is used and is particularly recommended for use in windy areas. Where one strip of roofing laps another, the edge of the bottom sheet is nailed to the roof deck while the overlapping edge of the top sheet is cemented with quick-setting asphalt cement. Full instructions are included in packages of roofing material.

According To The Law

Starting with this Monday night's council meeting, an archaic practice that has much too long been in use here—the caucus session—will no longer be, it says here.

The council, in keeping with the law signed recently by Governor Warren outlawing the star chamber proceedings for any public body, has announced that a "public invited" sign will be posted conspiculously on the door of the caucus room on the meeting nights.

Far be it from us to be so naive ast o believe this will mean an end to pre-meeting agreements between the councilmen.

But it at least does away with the idea that the five representatives of the city's voters are such an august group that their decisions need not be subject to public perusal.

Anyone interested may now attend the council's extra-plenary sessions. If they don't take advantage of this, it's not the law's fault.

LETTERS TO THE EDITOR

The Record welcomes any letter on any event of public, or private interest. These letters are published at no expense to the writer. There are just two requirements: the letters must be signed, and must be within the laws of libel. We hope readers will show enough interest in their city to occasionally "sound off;" for the purpose of this column is to give you, the reader, a chance to express an opinion.

Joe Sarto Supports Editorial Stand Of RECORD Regarding Marchbanks Field

The Record
Daly City, Calif.
Gentlemen:

On behalf of the Sarto Athletic Club and myself, I wish to lend our support to the position you have taken in your editorial of July 2 regarding the condition of the Marchbanks diamond infield.

Our experience in recent games played at Marchbanks substantiates exactly the description of the poor condition of the infield which you have given, and the opponent teams have been most outspoken in their criticism of the poor playing conditions, and have expressed their unwillingness to play on the diamond again.

All other diamond in this area on which we have played are adequately conditioned with "black adobe," and what the other communities do, surely Daly City can do too.

Sincerely yours,
JOSEPH SARTO

Mrs. Catherine Ostrander Thanks The RECORD For Publicity For Three Clubs

Editor
THE RECORD
Daly City, Calif.
Dear Sir:

As publicity officer for the Ladies Auxiliary Fleet Reserve association Unit No. 48 and also publicity director for the Show club which is all military, also to the Builders club which is accredited to the Federation of Womens clubs, I at this time want to thank you for helping us through your kindness in keeping our clubs before the public's eye.

Many thanks to you, our good friends of THE RECORD which brings us the news. Once again, many thanks.

Sincerely
Mrs. Catherine Ostrander
2131 Santiago street.

HOWARD GUNDERSEN (right) merchandising manager for Levy Bros. and clothing chairman for the Disaster Committee of the San Mateo County Chapter, American Red Cross, today delivered a supply of emergency clothing kits to Commander O. D. Weed, commanding officer of the U.S. Coast Guard Station at So. San Francisco. Weed had requested the kits for use in the Coast Guard's rescue work. Each plastic bag contains undershirt, shorts, pants, sweatshirt and mucklucks. Victims of fishing mishaps and overturned boats, picked from the water by the Coast Guard helicopter, will welcome the dry clothing provided by the Red Cross as part of its assignment to aid disaster sufferers.

MY MAD WORLD

by Leonore Brewer

Long, long ago a war was fought along the roads and across the fields of France. There was nothing new about it; France had been Europe's battleground for countless years, but one thing that distinguishes this war from its fellow is that you and I remember it. When Hitler marched through the lowlands, across France, on his way to Paris, the roads were clogged by refugees who fled by the thousand, many of whom died by the side of the road. It is the recreation of this almost forgotten event that opens a French masterpiece currently playing at the Vogue.

FORBIDDEN GAMES has very little of the sounds of war in it. War is something that is taking place out on the main road somewhere. Occasionally you are made aware of its existence by the sounds of battle, but they are comfortably far away. By the return of a deserter to his family's farm. And by the indescribable confusion at a railway station where refugees are sorted.

Except for its impact on five-year-old Paulette, orphaned by a marauding stuka, you might even say that the war doesn't exist at all. But for her the death that it brings is real, and because of her it becomes real for eleven-year-old Michel, and together they build a cemetary where they bury small assorted dead creatures, a puppy a mole, a chick, just as the dead people are buried out on the main road.

Michel knows that no grave can be complete without a cross over it. Unaware of what a cross is Paulette is a little doubtful at first, but once she has grasped the idea, her hold on it has all the unreasoning tenaciousness of childhood, and soon she wants every cross she sees, even the one on the altar of the village church. Michel's thefts of the desired articles make up the main thread of the plot.

This of course is oversimplifying the story, but it is necessary because of limited space. It also has its compensations as it leaves so much for you to find in it for yourself.

In one of the national dailies last week, the statement was made that theaters are closing at the rate of ten a day. This is enough to cause any theater manager to have a quiet nervous breakdown somewhere, but as long as the Vogue plays films of the quality of FORBIDDEN GAMES, its manager need not worry.

Elementary Schools Course Of Study Is Recommended

A newly prepared course of study and curriculm guide for the elementary schools of San Mateo County will be published this summer and early fall, according to county superintendent of schools James R. Tormey.

This publication constitutes the first revision of the prescribed course of study for elementary schools which has been developed in this county for several years. It was perpared by a county-wide committee which included not only representatives of school districts and the county school office, but lay representation as well. Lay representatives are from the 17th District Congress of Parents and Teachers and the San Mateo county Trustees association. According to Tormey, this cooperative method of preparation is not the general practice, but has been observed in this county to secure a more active and democratic participation in the county educational program.

Following the completion of the course of study and curriculum guide, all sections were presented to the San Mateo county Board of Education for its study and final approval. The guide, as adopted, represents the minimum requirements for all non-city elementary school districts in the county. However, according to Tormey, inasmuch as the three city school districts of Redwood City, San Mateo and South San Francisco have been represented on the committee which developed the guide, it is probable that it will also be approved for use in those districts.

Subject areas approved by the county Board of Education include: Art, Arithmetic, Health, Physical Education, Language, Handwriting, Reading, Music, Social Studies, Spelling and Science. Other subject areas are being considered by the committee.

Development of teaching aids to be used in implementing the course of study are in the course of preparation by the same county committees and by special sub-committees. On some of these sub-committees, lay representation of special groups will be included in addition to the PTA and Trustees Association.

Knowledge is Power

(1) Apparently not. During World War II a crew of technical experts from Amtorg Corp., the Russian agency, were on full-time duty in the U. S. Patent office. They combed the files of our Patent office and picked out what they wanted. During those years we sent to Russia, through them, patent reprints on bomb sights, tanks, airplanes, ship controls, helicopters, ammunition and bullet-resisting armor. They were still looting our country of its technical secrets four years after the war ended.

Major George Racey Jordan reveals this wholesale looting of our secrets in his book, "Major Jordan's Diaries." Among other things, we gave the Russians an entire plant for fabricating artillery shell cases, an entire tire plant, an aluminum rolling mill, a repair plant for precision instruments, a petroleum refinery, five plants for making synthetic rubber, two neoprene rubber factories and one factory each for styrene, Houdry-method butadiene, and Houdry catalysts. Recently the Russians announced that they now lead the world in synthetic-rubber production.

(2) It's the civilian eyes of the air force. Volunteer members of Operation Skywatch stand in lookout posts two hours a week watching for planes. Oddly enough, reports Jim Bishop in The Sign magazine, "We have not enough patriotic Americans who will spend two hours a week watching for planes and reporting them."

(3) The palace has about 600 rooms, according to an article written by Blake Ehrlich for This Week magazine. Queen Elizabeth has a large retinue of officials and servants who see to it that the palace is operated smoothly and efficiently. Among the hundreds of maintenance jobs which must be performed is that of the Royal Clock Winder, who singlehandedly keeps the 300 Buckingham clocks going.

BRIEF NEWS ITEMS—

SPARKS BURN OUT

The danger from flying sparks, originating either from chimneys or outdoor fires, can be minimized by protecting roofs with fire-resistant asphalt shingles.

FIRE WALL FOR GARAGE

A fire-retarding wall between a house and its attached garage is required by many building codes. The wall is meant to confine a garage fire until firemen arrive.

PAINT COPPER SCREENS

Copper and bronze screens should be painted, even though they will not rust. They will corrode and discolor and paint is needed for that reason.

RANGE NEAR SINK

Location of the kitchen range near the sink is the most convenient arrangement, according to research workers at the New York State College of Home Economics at Cornell University.

NO MORTGAGES

More than half of all homes in the United States, excluding farm homes, are free of mortgages, says the Housing and Home Finance Agency.

PROTECT HEATING PLANT

All parts of a hot water heating system, including radiators, should be filled to capacity for the summer to prevent rust. In the fall, drain off the excess. A steam boiler should be filled with water to the height of the safety valve.

NON-SLIP BATHTUBS

Bathtubs with non-slip corrugated bottoms are recently introduced safety equipment for the home.

KITCHEN SHELF HEIGHT

For ease in kitchen work, cupboard shelves should not be lower than 20 inches above the floor.

MOW CLOVER EARLY

For best quality hay, mow red clover when it is in the one-third to one-half bloom stage, say University of Nebraska agronomists. Later mowing will result in more hay but it won't be so good.

PAINT CHIMNEY

If a chimney that runs up the outside of a house is unattractive, try painting it to match the sidewalls. This will make it less noticeable.

YOUR NEIGHBORS AND MINE

By Betty Brush

HELLO NEIGHBORS:

Another week of summer has passed and we are all over the Fourth and all back home safely, I hope. Fact is we are approaching the middle of July and before you know it we will be thinking of school clothes, putting the house together after the vacations, and looking forward to the fall of the year with it's holidays.

Trips and picnics are still being taken. Taking off bright and early one morning last week for Boulder Creek were —MESDAMES MARY HENESLEY, SHIRLEY MILLER and ALICE COMBS. They spent the day with the SELMI family who are old time residents of our town and from all reports had a fine time. They returned to the usual Daly City weather and wished they could have stayed longer.

MR. and MRS. JACK HARRISON of Los Olivos avenue have moved into their new home last week. They like it fine and are now at home to all their friends and neighbors. Best wishes for the Harrison's in their new home.

News and Views

Hillcrest Circle No. 143 held their regular meeting Monday at which there was a reception for the delegates to the Convention held a few weeks ago in San Lius Obispo. Those honored at this reception were Past Grand Arch Druidess, MADELINE FELLOWS, Grand Treasures, GRACE HILL, and the appointed delegates — Mesdames CLARA POKET, AGNES PRESCOTT, MARTHA WEGNER, and MARY CRANE. As this was a special event, special decorations and refreshments were had. These were under the capable hands of LYNNE BOSKEY, WINNIE EVANS and CO. From all reports, the ladies had a fine trip and an enjoyable convention and returned home tired but happy.

MR. and MRS. JOSEPH VERA are among the lucky people who are spending their vacation this year at Lake Tahoe. They will be there a month and a happy and restful one is wished them by all the neighbors.

A luncheon was given for MRS. CELIA GARDELLA, of the Crocker Grocery Gardellas, at the Cathap House in Chinatown last week. A group of her friends got together and planned this event in honor of her birthday. Best wishes are extended from all the neighbors.

The DALY CITY RECREATION COMMISSION met Monday, July 6th. Their summer program, which is now in full swing, has been well attended. The most gratifying of all to the recreation commission is the way the newly organized TEEN-AGE CLUB has found favor with the youngsters. Its doings are always well attended. The youngsters seem to enjoy this and it was most needed. Congratulations to the Recreation Commission for their wonderful work being done for "your children and mine."

A few weeks ago an appeal was sent out for some lady with spare time on her hands to take over the job of being a den mother. This appeal has been answered. I don't know about the spare time, but an orchid should very definitely go to MRS. PAUL VEGA. She is the mother of six children, twins six years old and the others ranging in ages from one to nine years. If this is a lady with spare time, what are the rest of us doing?

Servicemen

Have had a letter from one of the boys wanting me to thank you folks who sent funny cards and magazines to the boys. This was greatly appreciated and as one of the packages came to him signed. "one of the neighbors," he would like to take this way of expressing not only his thanks but the thanks of the other boys who shared the package.

PRIVATE PAUL A. MITCHELL was heard from this week too. He has been kept very busy as he is with a motor pool as a mechanic in Korea. Seems they have had a little (?) rain there lately and the trucks are kept busy helping out all that they and their drivers can to bring help to the natives. Seems rather an odd situation doesn't it neighbors, one letter brings news from a soldier fighting, another from one helping the natives, and another from one whose letter is filled with rumors of peace.

While still on the subject of letters, I received one from a boy in the Medics. According to him the war (?) is not over yet, the casualties are still in need of that vital commodity BLOOD, and he can't quite understand why the folks at home aren't giving. "When you watch the life run right out of a man for the want of blood, it does make you a little mad and disgusted." Is it our fault neighbors that that boy died? Could he have been your son? What are we going to do about it?

Missed around town last weekend was SEAMAN BILL BEECHER. He was one of the boys who traded his weekend pass this week for one two weeks ago in order to be at the party held in honor of a friend of his who was home on furlough. Will miss seeing him and his friend BILL as I will be gone too. See you when I get back Bill.

You know neighbors, there is something wonderful about these boys that I either see or hear from each week. There is one I know who takes no off base passes during the week just so he can get home over the weekend. They all as usual bring some other fellow home with them and I have had more than I can count in my house at one time or another and all from different parts of the country and have yet to find one that couldn't have been your boy or mine. Lots of us have boys that are far from home and it is good for us to have these others come to see us each week. The one thought uppermost in all of their minds is when they can get home and stay there. Home seems to have never been appreciated so much before.

Items Of Interest

Last week a meeting of the board of TRUSTEES was held at Jefferson Union High school. They met to reorganize the board for the coming year. During this session LYAL INGERSOLL was appointed chairman of the board, and MRS. ANN EASON was appointed clerk of the board for the coming year.

MRS. MARIE GEHRIG is now home from the hospital convalescing from an operation. All her many friends are glad to see her back and hopes that she will be out among them soon.

This is really a vacation trip! MR. and MRS. JOHN EASON, son JACK and their daughter and son-in-law DOROTHY and TONY CIMINO left July 7 for a trip to Mexico. They of course will stop in Tia Juana, which from the way it was told to me is like Reno and then go on to Encenada. What is there to do in Encenada? FISH! Not little one either. They will be going deep sea fishing and hope to come home with some of those you see pictures of. Here's hoping they do and they are going to let me know the results of the fishing and if there are any good stories I'll pass them on to you.

Well neighbors, another column has come to it's end and there certainly is a mixture of news in it for all. There should be something of interest to all or at least some of the neighbors. The circle of phone calls is widening and I am hearing from different people each week. This makes it more interesting to all and if you have anything of interest don't hesitate, phone PL. 5-6482 or for just one more week PL. 5-0902 will be glad to take all the news for me. Happy Vacations to all and 'bye now.

ALERT PEDESTRIANS

What anticipation and far observation is to the motorist, alertness and wide field of vision should be to the pedestrian, according to the National Automobile Club. It isn't enough to pay attention only to what is immediately around you. You must keep your head up and your eyes open. You must always take a good look up and down the street before you attempt to cross. And you must always be aware of what is going on even at considerable distance from you. By staying alert, you will stay alive.

KEEP OIL FILTER CLEAN

Oil contamination in your car which results from unburned acids and other foreign matter contained in automotive fuel occurs very slowly if the oil filter is kept clean, says the California State Automobile Association.

A statewide cleanup campaign is under way along our highways. Do your part to keep them clean. Don't throw trash from your car. Carry a paper bag in your car and use it to collect trash in.

HIS HOBBY GOT HIM INTO THIS

OFFICER DEAN WOOD COLLECTS part of the $15,000 raised here annually by the parking meters.

—THE RECORD Photo

OCEAN VIEW CHRISTIANS TO PICNIC SUNDAY

The Ocean View Christian church, Howard P. McConnell minister, announces its annual Sunday School picnic for this coming Sunday, July 19. Sunday School will be held at the usual time, 9:30 o'clock, followed by a shortened morning service. Cars will leave the hall at 107 Sagamore street promptly at 11:45 for the San Bruno park picnic grounds. A basket dinner will follow, after which the afternoon will be spent in games. Jerry Prewett heads the soft ball game and Oliver deGraaf and Wilber Welch the picnic arrangements.

The young people of the church will meet in the Woodside home of the minister Monday evening for a buffet dinner.

St. Anne To Be Honored In Corpus Christi Novena

The annual solemn novena in honor of St. Anne will be held in Corpus Christi church, Santa Rosa avenue and Alemany boulevard beginning Sunday, July 19 and ending Sunday, July 26.

Evening devotions will be held at 7:30 o'clock during that week with Father Gilbert Zlatar of the Franciscan order conducting.

Father Zlatar is a renowned speaker with 20 years of experience as a pastor, retreat master, and missionary.

Pitcher Co. Will Drill Another Water Well

At Tuesday night's adjourned meeting of the city council a bid of $13,577.50 from the J. M. Pitcher Co. was accepted for the construction of a municipal water well at Citrus street and Niantic avenue.

This is the second well which the Pitcher Co. will drill for Daly City.

Only other bidder on the well was the Harvey Hatch Co. which submitted a bid of $15,400.

The California Theatre, once one of San Francisco's finest, stood on the present site of the telephone company building at 444 Bush street.

The Columbia River drains an area equal in size to the Atlantic seaboard states from the northern coast of Maine to the southern boundary of Virginia.

Officer Heim Obeys Green Light And Hits Pickup Truck

A Daly City police car was completely demolished at the intersection of Alemany boulevard and Skyline boulevard when it crashed into a Ford pick-up truck whose driver was cited for going through a red light.

Officer Edward L. Heim, 478 Irvington street reported that he was driving 35 miles per hour with the mechanical light in his favor when he struck a truck driven by Charles Arthur Waterson of 1850 32nd avenue, San Francisco. Waterson, a teamster was driving a truck owned by his employer, Carl Worden, at the time of the accident.

Neither of the men was injured, according to the report.

DRIVING VIOLATORS

Three local men ran afoul of the state Department of Motor Vehicle according to this week's report.

Jose Yanez of 198 Acton street, Daly City had his driver's license suspended. Placed on probation were John Ben Allen, Route 1, Box 79, Colma, and Joseph Anthony DeBono, 512 A street, Colma.

LAMPLIGHTERS WILL PRESENT PINAFORE

Gilbert and Sullivan's "HMS Pinafore" will be presented by the Lamplighters beginning July 31 at Theater Arts Colony, 1725 Washington street in San Francisco.

The production is produced and directed by Orva Hospinson. It is sponsored by the San Francisco Civic theater, a non-profit organization.

Reservations may be made by phoning TU 5-9935 or BA 1-0905. Tickets will be on sale at the box office.

Police Officer Dean Wood Knows All About The Meters

A man's hobby can sometimes lead him to a lot of money. At least Policeman Dean Wood's has. Officer Wood's hobby is repairing watches, and his familiarity with the fine mechanisms of the timepieces led to his selection as the man to empty and service the parking meters of Daly City. This means he handles over $15000 per year.

What does he do with the money? Officer Wood walks from meter to meter, filling a round metal receiver with coins from the boxes. When he has finished a day's chore, the money is taken to the Daly City branch of the Bank of America and deposited in the general fund. The meter collector fill hold $350, but it seldom is filled completely because it weighs so much. The meter collector is provided by the company which sold the meters to the city, at a cost of $75.

About The Meters

Officer Wood says that with proper care and handling, the metal parking meters lining Daly City's streets should last about 10 years. Proper care would include servicing at least every 12 to 14 months for the meters are delicate. The worst trouble is the attempt by persons to evade payment of parking fees. Methods of evading payments vary with individuals. While THE RECORD photographer was taking a picture of Officer Wood, a crucifix was found among the coins in a meter.

One fact of which the average citizen is unaware is that the last two coins inserted in the meter are visible. This means that if a foreign coin, slug or some other metallic object is inserted, any passing officer might notice it, and give the car parked there a ticket. However who placed the object in the meter is often difficult to ascertain unless the officer is an eye-witness. Officer Wood disclosed that a $500 fine or six months in jail may result from getting caught slugging the meters.

Sometime in the future, the police budget may allow for a special room to be devoted to the care and maintenance of the meters, Officer Wood disclosed. When that happens, the meters will be kept in tiptop shape. This will mean that Officer Wood will have more time to devote to the meters than at present.

The meters were installed in Daly City on January 1, 1950. At one time there were 460 in working condition. At the present time only 410 are utilized.

Officer Wood Does Other Work

Only about 50 per cent of Officer Wood's time is spent in taking care of and collecting from the meters. The rest of the time is spent doing routine police work, if you want to call it that. Officer Wood reported that he has been midwife of at least seven emergency births, and that he has treated over 1700 persons who have needed first aid.

Incidentally, first aid is Officer Wood's second favorite hobby. He can bandage, splint and tape with the best of them. This hobby too has had its fulfillment in police work.

Wood joined the Daly City police force in 1944. Prior to that he had worked in the metallic label business for 14 years, 11 of them as foreman. In addition, he has been a member of the Daly City volunteer fire department for 20 years.

"There's a little printer's ink in my veins, too," Officer Wood said. "I've worked on newspapers in Montana, Iowa and California. At one time, I was the editor and publisher of the Beadle County Herald in South Dakota." Asked if he would like to go back into the newspaper business, Officer Wood said, "I don't know. Once you get a little printer's ink in your veins, you never get it out."

About Officer Wood

Officer Wood moved to Daly City on Washington's birthday in 1927. He lives at 39 Misison circle with his wife Agnes. "I am beginning my 28th year of married life," Wood said proudly, "with the same woman."

The Woods have no children.

Two lodges can claim Officer Wood as a member. He has been a Mason for over 30 years, belonging to AFM 152. In addition, he is a member of the Fraternal Order of Eagles, Daly City Aerie No. 1848.

According to Officer Wood, the parking meters have a value besides the revenue they bring the Daly City general fund. He says that local merchants should be happy about them. They allow shoppers to come and spend their money, but not to loiter. He says that with the trucking ordinance, and the parking meters, more people are able to patronize Daly City shops. Otherwise, persons employed in the area could bring their cars to work, park all day, and go home without entering any store except the place where they work. "Yes sir," Officer Wood declared, "I'm in favor of parking meters."

California's highways are littered with cans, bottles, papers and other trash. Help clean them up and keep them clean. Don't throw trash from your car.

ENGINE WARM UP

It is not necessary to warm up the modern automobile engine before driving it, according to the California State Automobile Association. Warming up will occur faster and more efficiently if the automobile is driven at a moderate speed until the gauges register normal.

Modern Materials Give New Life to Old Dwellings

The handsome, new-looking home, top, is the remodeled version of the 100-year-old farmhouse, bottom. Window rearrangement, elimination of the porch, a new fire-resistant asphalt shingle roof, and new paint were principal exterior improvements.

Thanks to improved modern building materials, an old house that is remodeled may be better than ever—even better than when it was brand-new.

Windows are a case in point. Because of modern insulation and heating systems, windows can be bigger and there can be more of them. Asphalt shingles, another example, today give the roof colorful beauty, fire-resistance, and long life in addition to the fundamental quality of weather protection.

A 100-year-old farmhouse in Wisconsin typifies the improvement that can result from home modernization when the frame is structurally sound.

A new asphalt roof was the first item in the face-lifting job. In the process of reroofing, the two old chimneys were removed and a better-located chimney was built.

A major change consisted of enclosing the open, old-fashioned porch. The interior space gained was divided between the kitchen and the living room. This made room in the kitchen for a dining area and a built-in desk.

Windows were rearranged and many new ones were added. The front door was moved to improve furniture placement in the living room.

After exterior alterations had been completed, the sidewalls were painted. White, a color of dignity, was chosen in keeping with the excellent architectural proportions of the century-old home.

Interior improvements included insulating the walls to cut winter heating expense and increase year-round comfort. Wallboard was used to recondition old walls and ceilings.

By JANE KEITH

Television viewers of the "Home Show" discussion "Contemporary vs. Modernistic furniture and design" (presented a week or so ago) will be happy to learn that "Contemporary" minded Mr. Marx —and his vast fund of designing knowledge—is ready and willing to serve them at LISSAUER FOR MODERN, located at 2147 Junipero Serra boulevard.

LISSAUER FOR MODERN, the only store in the Bay Area selling Contemporary furniture EXCLUSIVELY, is far more than a furniture store. Here, through the medium of carefully designed, selected and arranged furniture, ceramics and fabrics—is a new, fresh concept of living—called "Contemporary"—and long pioneered by owner Mr. Lissauer and Mr. Marx. And don't let that word frighten you off! In essence it means; comfort—simplicity and beauty. Not: expensive! Example: molded, birch plywood occasional chairs from Denmark with wrought iron legs, foam rubber seats and a "comfort" balance you won't believe until you sit down and try it. Price? Just $29.95.

Super find for sand box conscious "small fry" are the large cardboard paint buckets at DALY CITY BLIND AND SHADE for 39c! These are extra strong—and waterproof, of course—and insert into a metal frame with handle. The 39c price includes both bucket and frame, but extra buckets may be purchased for 25c. Buy one for yourself, too—and fill halfway with some of the DALY CITY BLIND AND SHADE'S easy to use, fast drying "Spred" rubber mase paint. These wonder paints may be thinned (and later scrubbed) with water—they dry in one hour and really cover in one coat. And housewives with an urge to paint may do so in their spare time with Spred because continual stopping and starting will have no effect on the finished job! No brush marks—just a lovely "Spred Satin" finish that lasts and lasts!

The DALY CITY BLIND AND SHADE is located at 40 Hillcrest drive, call PL 5-3100.

Have a feeling that "Scribble Caps" are the coming rage for boys and girls alike and KIDDIEVILLE, in Broadmoor, is the place to find them. Caps are made "hunter" style of unbleached muslin with a snapped on ball point pen over the bill. Really clever and comfortable headgear for only 98c!

Admired Mrs. Ray Charette's yellow seersucker nylon blouse and found her purchase place to be YVONNE'S CASUALS at 6207 Mission Street.

"I guess other stores have them," smiled Mrs. Charette, "but even if they do—I'd keep going to YVONNE'S. I like Mrs. Poulsen —what she has to sell—and the way she sells it, too!" (so do we).

LEE JOHNSON, cute and calm salesgirl in LESLIE'S DRESS SHOP, hobbies sewing and crocheting between customers these days, but says when her life begins, at 40—it's going to be knitting and golfing?

Back from a three weeks vacation is VERA WITTKE of SHAW'S CANDY STORE, in Broadmoor, and with a smile sweeter than the merchandise—. Vera says your best bet at SHAW'S these days are "Summer boxes"—$1.35 per pound, $2.70 per two pound—a no-melt assortment of nuts, caramels, etc....GOOD!

Cheers for HILLTOP MARKET'S habit of specialling odds and ends from their produce department in trim, small boxes—at sharply trimmed prices! And, if you still want to bring home the bacon—in spite of the sharp rise in pork prices—see HILLTOP MARKET'S neat counter! Bacon, good bacon, is usually on special. Mike, or one of the other boys will tell you why some costs more—some less—with no loss of quality...

Two weeks ago a sudden illness sent Mrs. Berning (BERNING'S MEN'S & BOYS' WEAR STORE in Broadmoor) to the hospital for an emergency operation, but husband Joe is smiling now—she'll be back, all well, by next week... Boucle weave nylon socks for men are newsworthy at BERNING'S this or any other week and a welcome change from sheer, shiny rayons! Made by Interwoven, these nubby, smart socks have a "cable cord" heel and toe—wash and dry in a flash—sell for $1.10 per pair and transform the skinniest ankle into "whistle bait"—(the inward kind used by ladies, that is).

Flaws in a furnace—like leaks in a roof—are embarrassing things to have repaired when the weather is cold and miserable...Why not have your furnace checked NOW for dust accumulation, leaks, rust or wear of vital parts? Mr. A. B. Nuccitelli, the FURNACE DOCTOR, will be more than happy to render this service... Mr. Nuccitelli's business is in San Francisco, but he is a resident of Westlake and most interested in shifting his business to this area as much as possible. Telephone of the FURNACE DOCTOR is DO 2-6229.

"Ruffle" knit, 100 per cent wool sweaters by Carol Cabot make good summer seeing at GLEASON'S DRESS SHOP—6335 Mission Street. Cardigan styled in dainty pastel shades these sweaters are the perfect complement to your lightweight skirts or suits—And no need to wear a blouse, because these delicacies are topped by Peter Pan collars...Price is $5.95.

The DALY CITY COFFEE SHOP should seriously consider changing its sign to read: Top of the Hill Businessmen's Club—In the space it takes to eat one hamburger sandwich (good, too) and a cup of coffee—we watched and listened to Johnny Dell (JOHNNY DELL REALTY), Ted Hopman (HOPMAN'S RADIO & TV), Dan Andersen (City Administrator), Ed Nenstiel (DALY CITY HARDWARE) and Bob White (GEROLD'S LIQUORS)—plus two cups of coffee to take out for the gals in GLEASON'S DRESS SHOP!

And, businessmen aside, we like this coffee shop! No chrome, no juke box, no magazine racks—just peace, quiet (ask Vi)—good service and good food!

AID-TO-KOREA DRIVE NEEDS FIVE MILLION

Victims of the Korean war are in desperate need. There are 10,000 orphans, 300,000 widows and 15,000 amputees who need help. There is but one doctor for each 25,000 persons in Korea. Some of the victims of the war will die. Others will become fodder for the Communists. Others will become ineffective friends or allies of the democracies.

President Dwight Eisenhower is asking the American people to make a $5,000,000 emergency contribution for the relief of these unfortunate people. The task of raising the money has been given to the American-Korean foundation headed by Dr. Milton S. Eisenhower, the president's brother.

The fund will be used to purchase medical supplies, food, and for the rebuilding of hospitals and orphanages. The $5 million we seek is dwarfed by the $13 million which the GI's have contributed out of their meager pay for the same purpose during the last three years.

Tax-deductible contributions may be sent to:
Aid-To-Korea
C-o Supt. of Schools
538 Jefferson avenue
Redwood City, Calif.

PAIR TAKE MONTH'S TRIP THROUGH NORTH

Mrs. Margaret McDonald, 147 Willits street, accompanied by her granddaughter, Doreen McDonald, left Saturday for a month's trip through Canada and Alaska, travelling by rail and ship.

They will visit Mrs. McDonalds' daughter and son-in-law, Mr. and Mrs. Hugo Schmolck in Ketchikan.

This marke the 12th trip for Mrs. McDonald and the first for the young miss.

NEW ARRIVALS

BRUGIONI, June 25, to Mr. and Mrs. Louis Brugioni of 100 Frankfort street, Daly City, a son.

NELSON—June 26, to Mr. and Mrs. Gerald Nelson of 798 Templeton avenue, a daughter.

MATTHEWS, July 10, to Mr. and Mrs. Richard F. Matthews of 193 Hillside boulevard, Daly City, a son.

MURRAY, June 13, to Mr. and Mrs. William Murray of 274 Alexander avenue, Daly City, a son.

THE OLD TIMER SAYS!

It's all right to talk about some people being 'the salt of the earth.' But I've noticed that they get further—with a dash of pepper!

New Dwarf Verbena A Brilliant Beauty

Verbena, long a garden favorite, is due for a fresh rise in popularity as the beauty of the new gladiflora dwarf strains becomes known. They grow but little taller than the older compact type, rarely over a foot high. Both flower heads and individual florets, however, are much larger and brighter colored, affording a more brilliant display in flower beds. But both types are expected to retain verbena's long-standing popularity for lawn edging and curb planting.

According to the California Bedding Plant Advisory Board, verbena is generally available in mixed and solid color flats. The most popular color is red, white blue, lavender, rose, pink and white are also available. Colors come true to name except for the lavender, which sports some white.

Set out plants from flats in full sun. They can be trasplanted from the time they are quite small until they are full blooming size. They prefer to be set slightly deeper than they were in the nursery flat. While verbena will tolorate any soil, it does best in a lose sandy type. The plants require a minimum of fertilizer, and no special pest control. However, foliage is subject to mildew and evening watering should be held to a minimum.

Fill a bed or edge a border with a planting of verbena for an easy to care for summer time garden spot. Flowers will be plentiful and do well for cutting. For bright colors, go heavy on the reds and blues with a splash or two of the lighter colors

Village Notes

By
By Mrs. Edith Warmoth
PL. 5-8026

It's time for a roundup of neighborly news, etc. from the Village.

Sweetwood

Happy birthdays were extended to Mrs. Susanne Conn who celebrated a birthday July 15.

Mr. and Mrs. Bud Gannon and Jimmy and Cathy have left Broadmoor to return to San Francisco.

Jerry Garner had a fifth birthday July 9. Eight of his friends helped to celebrate. A family dinner was given in honor of the occasion later in the evening.

Maddux

The Richard Harts and children have returned from a two weeks vacation trip which took them to various parts of Southern California and up through the Santa Cruz mountains.

Wildwood

Mrs. Helen Mahoney hostessed a Stanley Party two weeks ago. Those attending were: Margaret McElhinny, Fleta Loomis, Freda Sherman, Timy Anderson, Mary Contraras, Amparo Arejula, Irene Park, Sheliz Mahoney, Dolores Shields and Bette Hart.

87th

The Mark Swoverlands had as a house guest last week, Mr. Swoverland's nephew, Jack Weyler who has recently been released from the U. S. Army and is en route to his home in Hankton, Indiana.

Midway

Mike Droullard was seven years old last Thursday, July 9. Instead of participating in the scheduled birthday party, Mike and brother Steve were bedded with the measles. Hope they are feeling much better by now.

Mrs. Ilene Locke was hostess at a luncheon Wednesday, July 15. Her guests were the following: Marion Fish, Kay Mattson, Katie Droullard, Pat Mattson and Mrs. Fish's mother, Mrs. Peeler.

Mr. and Mrs. Roy Butts and Linda, Larry, Jimmy and Laurie were guests Sunday, July 12 of the Wade Lockes.

Scouts

Cub Pack 84 went to visit See's Candy Plant in San Francisco last Monday, July 13. The boys were shown through the plant and afterwards each was given a sample box of that oh-so-good candy. Mrs. Mabs Guz was in charge of the group.

Scout Troop 84 is preparing a model camp at the corner of 87th and Washington streets. This camp is to be open for public inspection July 23rd and 24th. Drop by and see the work done by the boys.

Scout Troop 84 is to have a "Court of Honor," Friday evening July 24 in the multi-purpose room of Garden Village school. The details on this in two weeks.

Church News

The Womens Association of the Broadmoor Community church held a picnic last Wednesday, July 8 at the San Bruno park. Several mothers with their respective children attended and a good time was had by all. Understand some of the children got to go swimming—thoroughly enjoyed to say the least.

Hannah Circle met at the home of Mrs. Martha Pinney Wednesday evening, July 15.

A cupboard that hangs from the ceiling is one of the newest conveniences in kitchen design. The one illustrated here is suspended above a counter. The counter and the cupboard serve to separate the kitchen and an adjacent dining nook. The cupboard has doors on both sides for ease of use. A fluorescent tube light under the cupboard illuminates the counter.

BRING OLD TABLE LAMPS UP-TO-DATE WITH EASY-TO-USE LAMP WIRING KIT

by the
General Electric Wiring Institute

You've probably got several table lamps in your home—and you've probably found that they're not very versatile in their present condition.

If the bulb is of sufficient wattage to give you the light you need for specific seeing tasks, such as sewing and reading, it's too bright for conversation or recreation. And if it's good for conversation, it most certainly is not bright enough for reading or sewing.

The problem would be solved if every table lamp were equipped with a 3-way bulb, so that you could control the intensity of light according to your needs at the moment. Most table lamps, however, do not come with facilities for 3-way lighting.

Modernizing Lamps Is Easy

But according to General Electric's Monowatt engineers, a lamp wiring kit plus a 3-way bulb makes it possible for a homemaker (or her "handyman" husband—or even the older youngsters) to modernize any ordinary table lamp.

The lamp wiring kit is actually a preassembled, factory-wired 3-way socket, with an adjustable harp, an eight-foot cord and a special plug which just clamps onto the wire. It will fit any standard-size table lamp without any additional hardware fittings.

And the lamp-modernizing job takes only a few minutes.

How-to-Do Hints

Unplug the lamp. To remove the old wiring, cut off the old plug, loosen the set screw and unscrew the old socket from the nipple. Remove the old harp and cord.

Thread the new wire through the lamp, but do not pull it tight. Screw the new socket onto the nipple and tighten the set screw. Pull wire through the hole in lamp base and take up the slack.

Insert the wire in the side of the quick clamp plug and press the clamp shut. (If the cord is too long, just cut it to the desired length, slit between wires ¼ inch, and attach the clamp plug.)

Screw in a 3-way bulb, attach the lamp shade to the adjustable harp and plug in the lamp. That's all there is to it.

Each lamp wiring kit includes complete instructions for modernizing table lamps — instructions detailed enough for even the most amateur home handyman (or woman).

So for a little money—and less time, you can have lamps in your home that are not only attractive but also properly equipped to do the job they are supposed to do—provide adequate lighting for every occasion.

SEVENTH JUNIOR OLYMPICS TODAY

YOUNGSTERS COMPETE AT JEFFERSON FIELD

The seventh annual Junior Olympics sponsored by the recreation department will be held today on the Jefferson High school field at 12:30 o'clock.

Participants will be divided into two groups—A and B. The A group will be composed of youngsters over 14 years of age. The B group will bunch contestants under 13.

Events on tap include: football throw for distance, football throw for accuracy, football kick for distance, relays, high jump, broad jump, standing broadjump for girls; 50, 75, 100 yard dashes.

Officials will be playground directors from the recreation department.

Teams will be entered from the various playgrounds throughout the city and an attempt will be made to dethrone Marchbanks, the periennial champs.

Lake Merced Has New Fishing Pier

A 186 foot pontoon pier was dedicated this week at Lake Merced. Youngsters will be allowed to fish from it.

James Leo Halley, acting mayor of San Francisco, and Louis Sutter, park and recreation president threw in the first fishing lines in the short dedication ceremony.

Salt Licks Dropped By Planes In Porterville

Porterville — The California Department of Fish and Game has announced completion of a later spring aerial drop of 50-pound salt blocks for the use of deer in Tulare county.

The blocks were purchased by the Southern Tulare County Sportsmen's association and dropped from a Department plane between the San Joaquin Valley floor and the 10,000 foot level.

LAKERS SWAMP ELM COURT 79-52

The fast breaking Daly City Lakers won an easy victory over Elm Court last Saturday on the losers' home court 79-52.

Dick Kalinin led both teams in scoring with 26 points. Darrell Hutchinson and Rich Watso followed with 24 and 23 respectively.

Although Elm Court had a terrific height advantage the Lakers would not let that bother them. As soon as the starting whistle blew the Lakers surprised Elm Court with speed for the lack of height.

In the first half Elm Court was kept in the game with Pucci scoring 14 of his 25 points.

RALPH A. TORIGIRRI HAS BEEN sponsoring softball, baseball and basketball teams in Daly City for the past eight years. At the present time his Ralph Cleaners team is tied for second place in the senior division of the Peninsula Baseball league (northern division).

Ralph's most successful team was the softball outfit of 1950 which went to the state finals and finished as runner-ups.

CLEANERS CLUB SHARP PARK 12-4

Ralph's Cleaners battered Sharp Park at the latter's home diamond 12-4 in a senior division Peninsula Baseball league game that was called at the end of five innings.

Jim Honeywell, Ralph's pitcher allowed but four hits in the game. All of the Sharp Park runs were unearned.

Batting stars for the local team were Ray Rosa, Larry Blanchard and Joe Murphy who collected two hits each including a doulbe apiece. Bob Butcher and Al Figone each got one for one while walking three times each.

Big inning for the Cleaners was the third when they scored 10 runs on six hits. The team batted around almost twice.

The game left Ralph's in a second place tie with Snappy Cleaners of San Mateo in the league standings. Next game is scheduled for 2:30 o'clock Sunday afternoon at Washington field against the Burlingame Inn club in Burlingame.

BOWS AND ARROWS ATTRACT LOTS OF KIDS

TWENTY - FOUR ARE ATTRACTED to the archery class at Jefferson. Standing left to right, they are: Frank Bria (instructor), John Sanbrido, Robert McAssy, Carmen Bria, Frank Bria Jr., Micheal Nolen, Gary Shearer, Micheal Blume, Bob Harvey, Jim Duenner, Cliff Greep, Cathy Rasmussen, Miss Marjorie Ericson (instructor), and Joy Nelson.

Kneeling are: Garry Duenner, Tommy Glasser, Jimmy Hamilton, Joseph D'Antonio, Turpie Rasmussen, Micheal Rovai, David Ballantini, Joseph Ballantini, Richard Garabaldi, Barbara Bria, Bobby Rasmussen, and Art Rasmussen.

—THE RECORD Photo

LIONS AND KIDS GO FISHING JULY 22

The Daly City-Colma Lions club will take youngsters of the area fishing at Lake Merced on Wednesday, July 22, according to Peter Markovich, chairman.

Meeting place of the group will be the Community center and the time will be 8:30 o'clock Wednesday morning, Markovich said.

Arrangements have been made to provide at least 60 youngsters with fishing equipment. Other youngsters are expected to bring their own.

The transportation problems may be solved by chartering a bus, the chairman disclosed. If not, the youngsters will be transported to the lake in private automobiles.

According to the Daly City-Colma Lions' bulletin, 160 youngsters are expected to take the fishing trek. According to the same bulletin, Nate Temkins is supposed to provide ice cream and milk for the kids. The youngsters are expected to bring their own lunches, Chairman Markovich declared.

Sarto's Decision Palo Alto Oaks For 3rd Straight

Sarto's AC won their third in an exciting ball game at Palo defeating the Palo Alto Oaks 8-4 straight victory Sunday afternoon Alto.

Bobby Sarto pitched a heady game and was only in occasional trouble. Leading stickers for the locals w ere Alcese, Belli, and Bonica who collected two hits each.

The Sarto team will seek its fourth straight victory when it travels to Napa next Sunday afternoon.

Last Year Pheasant Kill Up 9 Per Cent

The new state policy of releasing mature game farm pheasants nearer to the hunting season has paid off in more birds in the sportsman's bag, the California Department of Fish and Game believes.

A preliminary report on the return of pheasant leg bands for 1952, when the bulk of the pheasants were released in the late fall, shows a cock pheasant kill of 34 per cent. In 1951, when most of the birds were released in the summer and early fall, the band return indicated a take of 25 per cent.

Cooperative hunting areas accounted for a good part of this increase, game management chief Ben Gading reveals. More birds were released on the free shooting areas in 1952—19,700 against 15,200 in 1951—and the later stocking meant they had no time to scatter. Losses to predatory animals and other natural causes were undoubtedly less, the report asserts.

Plans for the 1953 game farm season call for an even larger percentage of late stocking, Glading stated.

A FOOTBALL FAN CAN GET A GOOD SEAT AND RIDE

Frank Davidson Plans To Charter Greyhound Bus If Enough Show Interest

Frank Davidson, proprietor of the Westlake Lounge, has announced a plan whereby football fans of the area may purchase a season ticket and a ride on a chartered Greyhound bus to all of the home games at Kezar stadium of San Francisco's National Professional League 49ers.

The seats available are between the 40 and 45 yard lines, and season tickets will cost $22.50, Davidson said. These do not include the three exhibition games which will be played.

Davidson stated that if sufficient persons show interest, a bus will be chartered for the exhibition game of Sunday, August 23, with the Cleveland Browns. He urged that any interested persons contact him immediately. Tickets for this game will be $3.75.

According to Davidson, the chartered bus will leave 307 Mayfair avenue at one o'clock sharp the afternoon of the game, and will return immediately after the game ends.

Arrangements for attendance at individual games will depend on cancellations by season ticket holders. The price of these tickets will be $3.75 also, Davidson added.

Q. How can I clean white enamelware?

A. By dripping a wet cloth into baking soda and rubbing it on the ware. Do not use the soda sparingly.

Q. How can I simplify the pouring of gelatine into molds?

A. Mix the gelatine pudding in an open mouthed pitcher, and it can easily be poured into the individual molds.

DALY CITY FIREMEN WIN PAIR TO TAKE FIRST HALF TITLE

The Daly City Fire Department softball team picked up two victories last week in the Adult Recreation Softball league play. Victims of the local firemen were their arch rivals from the Colma Fire department and the Gas-U-Mat club. The Colma Firemen were downed 13-10 as the locals smashed out 11 hits in a game replete with 10 errors.

A tight pitching duel between Larry Kennedy Sr. and Colma's Lou Nannini broke wide open in the fifth when the Colma team exploded for five runs. The Daly City team bounced back in their half of the same inning to tally eight big ones. Big blow of the inning was right fielder John Gaggero's double which was the longest hit seen at Marchbanks diamond this year.

In the Gas-U-Mat fray, the local firemen squeezed out an 8-7 victory. Trailing 7 to 2, the smokeeaters scored six runs to rack up the victory with Vern Wallgora and Dick Offenback leading the attack.

These two victories give the Daly City Fire department the first half league title with a record of three wins and one loss. In second place are the Colma firemen with a two-two record. The Aetna Roofers are third with a one win, three loss record. Trailing is the Gas-U-Mat club which has lost four without tasting victory.

PARENTS SHOULD TEACH CHILDREN

Parents should teach their children safe walking and playing habits around our streets and highways, points out the National Automobile Club.

BURLINGAME PITCHER SHUTS OUT ROCKETS WITH "NO HIT" GAME

The Westlake Rockets ran into some terrific pitching again Saturday, and emerged the victims of the first no-hit, no-run game pitched in the junior division of the Peninsula Baseball League. Sil Vial hurled his Burlingame Optimist teammates to a 4-0 victory at Jefferson High school baseball field.

Ten Rockets wiffed in the melee. Eddie Leveroni, losing pitcher, allowed seven hits. He gave up two runs in the second, and single tallays in the third and fourth.

Ben Bramble Back To Coach South City Windbreakers

Ben Bramble, former South San Francisco high school coach, has been named as head mentor of the Windbreaker AC football team this season.

Bramble, one of the founders of the South City athletic club, piloted the Breakers during their initial four seasons of play. From 1946 to 1949 his Breaker teams won 31 games and dropped five. They were crowned undefeated northern California club football champions in 1947 with a 10-0 record. They won the Petaluma Egg Bowl championship that year also.

Practice for the athletic club will begin in mid-August, Bramble stated. The grid season will start late in September. No definite dates have been set as yet. The schedule is still being drawn up.

A "Get Acquainted Dinner," an annual Breaker affair to greet new gridders, will be held at the Windbreaker clubhouse, Maple avenue, South San Francisco, on July 27. All interested football players are invited to attend, Bramble declared.

Dick Meyer receives trophy and kiss from Joyce Coffee, Miss America contestant, for winning championship stock car race in record time.

Exciting new 1953 Studebaker receives Fashion Academy Award

See and drive the new 1953 Studebaker that received the FASHION ACADEMY AWARD

The directors of Fashion Academy, noted New York school of fashion design, have named the 1953 Studebaker outstanding in smartness and styling.

This is more than a gratifying recognition of the talents of Studebaker designers.

It is also an endorsement of the unerring good taste of millions of Americans who consider the 1953 Studebaker the best looking automobile ever built.

You are seeing more and more of your friends and neighbors proudly driving new Studebaker Commander V-8s and Champions every day now.

If you are eager to own one yourself, you'd better come in right away and place your order. The sooner you do, the sooner you'll have the exciting new Studebaker sedan, coupe or hard-top you want. Prices are right down to earth.

Freezing Aid Guards Against Color and Flavor Loss In Fruits

There's nothing like opening up the freezer in winter and picking out a container of tasty, appetizing-looking peaches you've put up the summer before. But peaches and other light-colored fruits quickly lose their natural color and flavor unless they are protected before freezing with an ascorbic-citric mixture like A°C°M. This powder, made by century-old Chas. Pfizer & Co., is easy and inexpensive to use. Just add three level teaspoons of A°C°M to each pint of sugar syrup. Slice the fruit directly into the syrup, then transfer the fruit to the container and cover completely with syrup. Cost is about a penny per pound of fruit being frozen. A 4½ oz. bottle of A°C°M, obtainable at drug stores, locker plants and leading mail-order houses, will protect about 65 lbs. of fruit.

CHILDREN AT PLAY

A rolling ball is nearly always followed by a running child, says the California State Automobile Association in appealing to motorists to drive with extra care this vacation season while children are out of school.

HOME OWNERS' QUESTION BOX

Q—Is it possible to paint faded awnings?

A—Ordinary house paint heavily thinned with turpentine is usually satisfactory. One part of turpentine to four parts of paint is about the correct proportion for thinning. Brush the paint well into the fabric.

Q—How can mildew be removed?

A—Soap and water will take off fresh mildew. Try soaking the cloth in a weak solution of ammonia and then exposing it to direct sunlight for several hours.

Q—I have been told that climbing on a roof to look for leaks is a bad idea. Is that true?

A—Yes. Walking on an old roof to look for leaks often results in starting them. A better way to inspect a roof is to examine the underside of the roof deck after a rain, searching for wet spots or discoloration. If you find leaks in an old weathered roof, it's an indication that reroofing is needed. Patching an old roof is almost always futile. In reroofing, asphalt shingles generally are applied on top of the old material. This saves the expense of tearing off the worn roofing and its insulation value is retained.

COLOR FOR UNIFORMITY

A group of buildings will be more attractive if uniformity of appearance is established by covering all roofs with the same solid —or blended—color asphalt roofing.

Color Vital To Decoration Of Exterior

"Exterior decoration" is taking its place with "interior decoration" as a familiar household term. An ever-increasing variety of colorful materials now permits the home-owner to style the outside of his house, as well as the inside, in keeping with his own individual taste.

Chief among colorful exterior materials is roofing. Asphalt shingles, which are used on 8 of 10 new homes built today, are made in numerous solid and blended colors, which range from soft pastels to more familiar hues.

Here are some suggestions on roof color use:

In new construction or when the exterior of an older house is being reconditioned, the procedure used by professional color designers is to choose the roof color first and then select other colors to go with it. The roof is considered to be a permanent "background" color for the exterior.

Color is useful in achieving uniformity of appearance in a group of buildings. A house and a garage, or the buildings in a farmstead, should have matching roofs.

Light-color roofing makes a house seem taller, and darker roofing makes it seem lower. These effects are helpful in improving poor architectural proportions.

For houses in the country, earthy red colors and foliage greens—colors of nature—are often selected. For a house in an industrial area, remember that slate grays and gray-greens don't readily show dirt.

Whales common to Northern California waters include the finback, sperm and humpback.

There are approximately 4000 head of Roosevelt elk in Olympic National Park in Washington.

Ordinance No. 372

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF DALY CITY DECLARING ITS INTENTION TO ABANDON CERTAIN PUBLIC EASEMENTS IN THE CITY OF DALY CITY; FIXING TIME AND PLACE OF HEARING ALL PERSONS INTERESTED IN OR OBJECTING THERETO AND REQUIRING NOTICE OF SAID PROPOSED ABANDONMENT TO BE PUBLISHED AND POSTED.

The City Council of the City of Daly City does ordain as follows:

SECTION 1. Pursuant to the Public Service Easements Vacation Law, the City Council of the City of Daly City declares its intention to abandon certain public easements, hereinafter described, which said easements are all delineated on that certain map of subdivision within the city limits of the City of Daly City and known as "WESTLAKE UNIT NO. 5D," map of which was recorded on December 5, 1952, in Book 36 of Maps at Page 8, Records of San Mateo County, California. A particular description of the easements proposed to be abandoned are as follows:

That portion of the 3 foot public utility easement which lies contiguous to and westerly of the easterly boundary line of Lot 10, Block 56, and extends northerly 91.16 feet from the northerly boundary line of Northgate Avenue to the southerly boundary line of the 20 foot public utilities easement which lies contiguous to and southerly of the northerly boundary of said Lot 10, as said lot, block, avenue and easements are shown on the map of Westlake Unit No. 5D Daly City, San Mateo County, filed in the office of the Recorder of the County of San Mateo, State of California, on December 5, 1952, in Book 36 of Maps at page 8.

SECTION 2. Monday, the 10th day of August, 1953, at the Council Chambers of the City of Daly City, County of San Mateo, State of California, at the hour of 8:00 o'clock P. M. is hereby fixed as the time and place of hearing all persons interested in, or objecting to, the proposed vacation.

SECTION 3. This ordinance shall be published once in The Record, a newspaper published weekly in said City of Daly City, California, and hereby designated for that purpose, and shall take effect and be in force at the expiration of thirty (30) days from and after its passage.

SECTION 4. Notice of the proposal to vacate said easements shall be posted conspicuously along the line of said easement proposed to be vacated not more than three hundred feet apart, but at least three of such notices shall be posted along each easement. Such notices shall state the passage of the ordinance of intention to vacation said easements and the time and place of hearing all persons interested in or objecting to said proposed vacation.

Introduced this 22nd day of June, 1953.

Passed and adopted as an ordinance of the City of Daly City the 13th day of July, 1953, by the following vote, to-wit:

AYES, Councilmen: Dennis, Kennedy, Verducci, Gaggero.
NOES, Councilmen: None.
ABSENT, Councilmen: Green.

(Publish July 16, 1953)

SIMPLE RING TEST

It is possible to get an idea of the degree of piston ring wear in your car by watching the exhaust pipe as the car climbs a long, steep hill, points out the National Automobile Club. That, of course, will involve having someone else drive the car since it is impossible to look ahead and behind at the same time. A heavy smoke coming from the exhaust pipe on such a climb is a sign of burning oil, which, in turn, is a sign of oil getting past the piston rings and into the combustion chamber. If the oil supply in the crankcase is merely normal, or slightly below, it should not enter the combustion chamber.

DELANO

Delano, located in Kern county, is reported by the National Automobile Club to have been named for Delano Columbus, Secretary of the Interior under President Grant.

NOTICE OF INTENTION TO ABANDON EASEMENTS

NOTICE IS HEREBY GIVEN that on Monday, the 13th day of July, 1953, the City Council of the City of Daly City adopted Ordinance No. 372 declaring its intention to abandon certain public easements in Westlake Unit No. 5D hereinafter described, and fixing a time and place where all persons interested in, or objecting to, the proposed abandonment could be heard.

NOTICE IS FURTHER GIVEN that Monday, August 10, 1953, at the Council Chambers of the City of Daly City, County of San Mateo, State of California, at the hour of 8:00 o'clock P. M. of said day is fixed in said ordinance as the time and place where all persons interested in or objecting to the proposed abandonment could be heard.

The easements proposed to be abandoned are particularly described as follows:

That portion of the 3 foot public utility easement which lies contiguous to and westerly of the easterly boundary line of Lot 10, Block 56, and extends northerly 91.16 feet from the northerly boundary line of Northgate Avenue to the southerly boundary line of the 20 foot public utilities easement which lies contiguous to and southerly of the northerly boundary of said Lot 10, as said lot, block, avenue and easements are shown on the Map of Westlake Unit No. 5D, Daly City, San Mateo County, filed in the office of the Recorder of the County of San Mateo, State of California, on December 5, 1952, in Book 36 of Maps at page 8.

Ordinance No. 373

ORDINANCE AMENDING ORDINANCE NO. 272 BEING AN ORDINANCE REGULATING THE CONDUCT OF MINORS ON STREETS AND IN PUBLIC PLACES AND FIXING THE RESPONSIBILITY OF PARENTS AND GUARDIANS THEREOF.

The City Council of the City of Daly City does ordain as follows:

Section 1. Section 1 of Ordinance No. 272 adopted the 28th day of July, 1947 is hereby amended to read as follows:

"It shall be unlawful for any minor under the age of eighteen (18) years to loiter in or on any public street, park, square, or any public place between the hours of ten o'clock p.m. and daylight immediately following, except where the said minor is accompanied by a parent, legal guardian or other adult person having the care and custody of said minor, or where the presence of said minor in said place or places is connected with or required by some legitimate business, trade, profession or occupation by reason of employment, inclusive of time necessary for going to and returning from such place of business in which said minor is engaged."

Section 2. Section 4 of Ordinance No. 272 adopted the 28th day of July, 1947 is hereby amended to read as follows:

"It shall be unlawful within the City of Daly City for any proprietor, keeper, clerk, or any other person, having charge or control of any cafe, tavern, restaurant, bar, eating place, or public dance hall, to permit any person under the age of eighteen (18) years to loiter in said public place between the hours of ten o'clock p.m. and daylight immediately following, unless such person is accompanied by a parent, guardian, or other adult person, having the care and custody of such minor."

Section 3. This Ordinance shall be published once in The Record, a newspaper published weekly in said City of Daly City, California, and shall take effect and be in force at the expiration of thirty (30) days from and after its passage.

Introduced this 22nd day of June, 1953.

Passed and adopted as an ordinance of the City of Daly City the 13th day of July, 1953, by the following vote, to-wit:

AYES, Councilmen: Dennis, Kennedy, Verducci, Gaggero.

NOTICE OF TRUSTEE'S SALE

Notice is hereby given that on Tuesday, the 11th day of August, 1953, at the hour of 10:00 o'clock a.m. at the Middlefield Road entrance to the County Court House, Redwood City, San Mateo County, State of California, the undersigned, as Trustee, will sell at public auction to the highest bidder for cash in lawful money of the United States, all payable at the time of sale, the following described property, situate in the County of San Mateo, State of California, more particularly described as follows:

Lot No. 524 as designated on the Map entitled "Tract No. 573 Broadmoor Village, Map No. 3, San Mateo County, California," which map was filed in the Office of the County Recorder of San Mateo County, State of California, on March 19, 1947, in Book 27 of Maps at pages 5 and 6.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain Deed of Trust dated January 23, 1953 between LINCOLN P. WHITCOMB and MARTHA L. WHITCOMB, his wife, Trustors and M. B. WHIPPLE, as Trustee, and THE STANTON COMPANY, a limited partnership, beneficiary, and recorded in the office of the County Recorder of the County of San Mateo on the 2nd day of February, 1953, in Liber 2362 of Official Records, page 344.

Beneficial interest in said Deed of Trust was assigned and transferred to PARAMOUNT FACTORS OF SAN FRANICSCO, a limited partnership, by Assignment of Deed of Trust executed by THE STANTON COMPANY, a limited partnership, dated March 25, 1953 and recorded in the office of the County Recorder of the County of San Mateo, State of California on the 26th day of March, 1953, in Liber 2388 of Official Records, Page 105.

WESTERN TITLE INSURANCE AND GUARANTEE COMPANY, a California corporation, was substituted as Trustee of all of the trusts evidenced by said Deed of Trust in the place and stead of M. B. WHIPPLE by Substitution of Trustee and Conveyance to Substituted Trustees executed by PARAMOUNT FACTORS OF SAN FRANCISCO, a limited partnership, beneficiary, and recorded in the office of the County Recorder of the County of San Mateo, State of California, on July 6, 1953 in Liber 2440 of Official Records, Page 662.

Notice of breach of said obligation and election to sell said property was recorded in the office of the County Recorder of the County of San Mateo, State of California on the 1st day of April, 1953 in Liber 2391 of Official Records, Page 511.

Dated: San Francisco, California, July 7, 1953.

Concrete mixer operator (up to one yard)	2.28
Concrete mixer operator (over one yard)	2.61
Electrician	3.00
Fireman in hot plant	2.28
Flagman	1.85
Gardener and landscape laborer	1.85
Heavy duty repairman	2.67
Heavy duty repairman helper	2.28
Laborer	1.85
Operator of jackhammers-vibrators and all air, gas and electric tools	1.95
Operator of power shovel and/or other excavating equipment with shovel-type controls (up to and including one yard)	3.00
Operator of power shovel and/or other excavating equipment with shovel-type controls (over one yard)	3.11
Ornamental iron worker	2.70
Power grader operator (power planer, motor patrol or any type power blade)	$2.83
Reinforced steel worker	2.60
Roller operator	2.67
Screed man	2.28
Spreading machine operator	2.67
Tractor operator	2.67
Truck driver (less than 4 cubic yards water level capacity)	1.92
Truck driver (4 cubic yards and less than 6 cubic yards water level capacity)	2.06
Truck driver (6 cubic yards and less than 8 cubic yards water level capacity	2.16
Truck driver (8 cubic yards water level capacity or more)	2.57
Any classification omitted herein not less than	1.85

Overtime - not less than one and one-half (1½) times the above rates.

Sundays and holidays - not less than one and one-half (1½) times the above rates.

Plans may be seen, and forms of proposal, bonds, contract; and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

NOTICE OF TRUSTEE'S SALE

Notice is hereby given that on Friday, the 24th day of July, 1953, at the hour of 9:15 o'clock a. m. of said day, at the entrance to the City Hall, in Daly City, County of San Mateo, State of California, Walter J. Schmidt, and Adolf P. Schmidt, as substituted trustees, will sell at public auction to the highest bidder for cash, in lawful money of the United States, all payable at the time of the sale, the following described real property situated in San Mateo County, State of California, to-wit;

Lot 22 in Block 78, as designated on the Map entitled "South San Francisco, San Mateo Co. Cal. Plat No. 1," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on March 1, 1892, in Book "B" of Maps at page 6 and a copy entered in Book 2 of Maps at page 52. Also known as number 873-75 Grand Avenue, South San Francisco.

Said sale will be made without covenant or, warranty regarding title, possession or encumbrances, to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust dated January 15, 1953, between Nicholas Huss and Mary R. Huss, his wife, as Trustors, Walter J. Schmidt, and Adolf P. Schmidt, and Title Insurance and Guaranty Company, a California corporation, as Trustees, and Winston Investment Co. a California corporation, as Beneficiary, recorded in the office of the Recorder of San Mateo County, State of California on January 21, 1953, in Book 2356 of official records, at page 373.

Notice of default of said obligation and election to sell or cause to be sold the trust property to satisfy said obligation was recorded in the office of the Recorder of San Mateo County, State of California, on April 1, 1953, in Book 2391 of official records, at page 579.

Notice of Substitution of Trustee was recorded in the office of the Recorder of San Mateo County, State of California, on June 25, 1953, as per Document No. 89997K in which the undersigned were duly substituted as trustees in the place and stead of said Walter J. Schmidt, Adolf P. Schmidt, and Title Insurance and Guaranty Company, a corporation.

Dated: San Francisco, California, July 2, 1953.

SUMMONS

No. 61709

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo, in the office of the Clerk of said Superior Court.

JENNIE DUCLOS,
Plaintiff
vs.
HARVEY C. DUCLOS,
Defendant

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:
HARVEY C. DUCLOS,
Defendant

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 12th day of June, A.D., 1953.

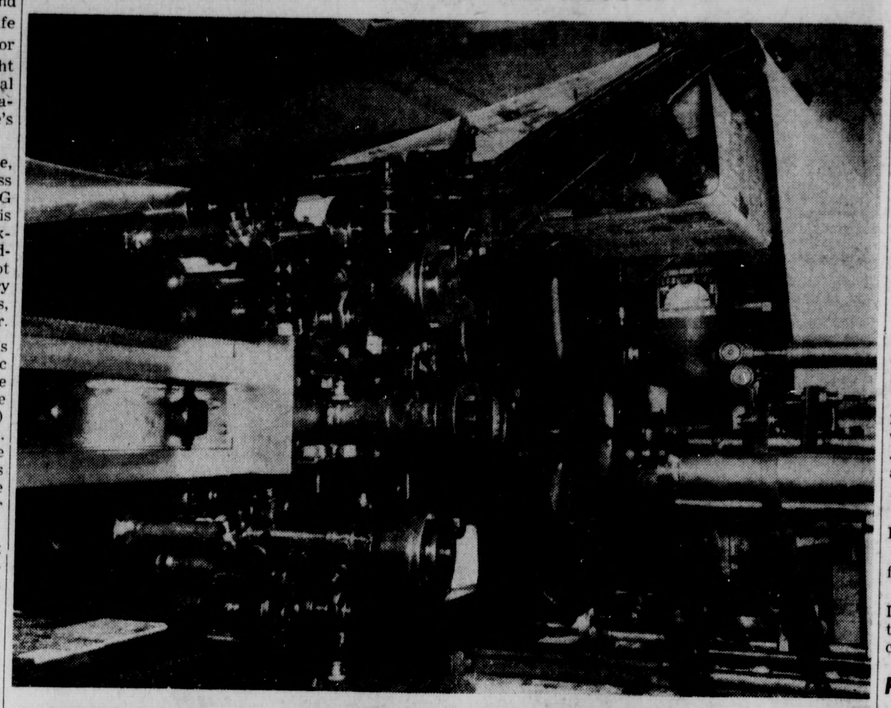
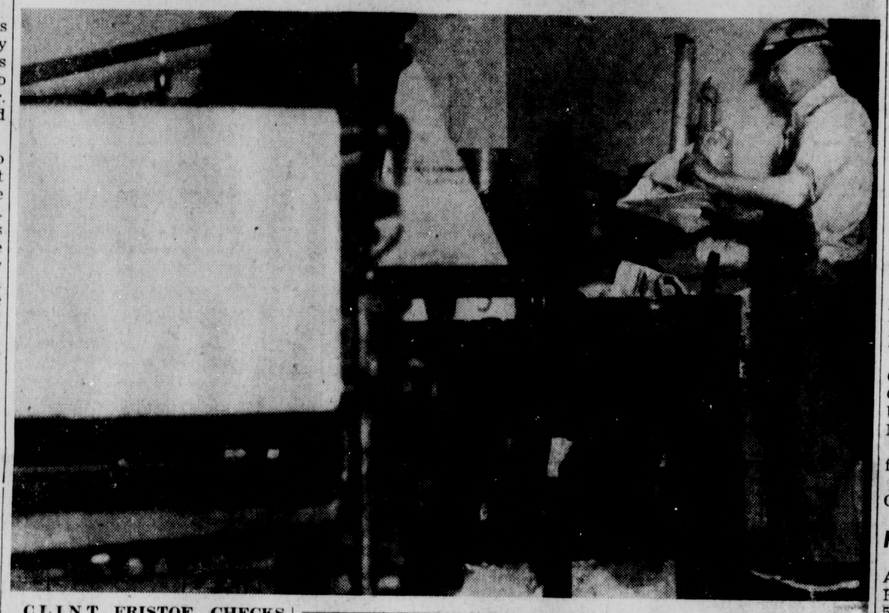
The Record At Work

THIS METAL MONSTER PRINTS THE RECORD



A PRESSMAN CHECKS HIS HANDIWORK



CLINT FRISTOE CHECKS THE ink on the paper to make sure it is reproducing properly as THE RECORD is being printed.
—THE RECORD Photo

Meet Clint Fristoe - - - Veteran Pressman

There is a several ton metal monster in the basement at 3317 San Jose avenue that makes rhythmatic noises on Wednesday and Thursdays. When it comes to life that means that Cleon B. Smith or Clint Fristoe has pressed the right button to turn on the electrical power. Since "Smitty" is on vacation, we'll have to accept Fristoe's version of what happens.

The metal monster is, of course, the flat-bed, web newspaper press which prints THE SHOPPING NEWS and THE RECORD. It is the most efficient type for a weekly newspaper, Fristoe said. He added, "The flat-bed press does not compare in speed with the rotary used by the big daily newspapers, but it will run 3500 copies per hour.

Blank paper 70 inches in width is raised to the press on an electric hoist, Fristoe explained. The page forms are placed on decks above each other, (four pages to a deck) and the paper runs between them. These pages are all printed at the same time. When all eight pages are finished, they emerge from the press, folded, ready for mailing or the news stands.

The process by which the ink gets on the type is intricate, according to Fristoe. The ink leaves the ink fountain, and transfers to a duct roller. From there is flows to a cylinder on a page deck. Each page deck has a cylinder of its own. From the cylinder, the ink transfers to the print. The blank paper passes between the two decks and the type impression is transferred to the blank paper, and a page of the newspaper emerges.

As stated above, the blank rolls of paper are 70 inches wide, so they must be cut to proper size. This is done when the paper passes into the press by a automatic slitter. This looks like a knife blade and is extremely sharp.

In addition to this, there are two other presses which are important around THE RECORD plant. These are used for commercial printing. One of these is an upright press which can print anything from the size of a post card to a 17 inch by 20 inch piece of paper. This a Miehle press. It has an automatic feeder, and can turn out about 3500 impressions per hour. The desired paper stock is set on the press, and an arm keeps scooping it off and sliding it between the decks. This arm is the feeder.

A second press used for commercial work is a Kluege. It prints the business cards, and other small commercial matter. Fristoe declared that he can run all three of the presses with equal ease.

Besides running the presses, there are other machines in the basement of the building with which Fristoe is familiar. There is a paper cutter which looks like a guillotine. It has a large blade and must be adjusted each time before using. It can cut either large or small piles of papers. This has a ferocious handle on it which is pulled down to force the blade through the paper.

Another machine is the Bostwick stitcher. This is infrequently used in THE RECORD'S plant. Usually operated by a member of the book binder's union, it has been used slightly by the pressmen.

A member of the San Mateo county Pressmen's union, Fristoe reported that he has been in the printing profession since 1904. He confessed that he has not been a pressman always, and can do other jobs around the shop. If you want to get in trouble with him just touch a pile of papers which have just come off the press. "Leave them alone," he'll yell. "Just touching the top one may make the ink inside run on a lot of them. Come around when I'm not busy."

Fristoe lives in Lomita Park. He used to bowl and garden. He's given those two hobbies up lately. However, he still enjoys seeing or hearing baseball games. His favorite team is the San Francisco Seals. He does not follow the majors, being a native west coaster born in Washington state.

Name Your Theatre Contest Will End Midnight Tomorrow

Tomorrow is the last day for entries in the Name Your Fiesta Theatre contest. To be considered, all entries must be postmarked by midnight, Saturday.

Names are coming in by the dozen in each day's mail, according to William M. Wilson, San Mateo County Fair and Fiesta manager. "Each entry will be considered carefully by the judges after the contest closes. We should like to thank all persons who have sent in names for their excellent suggestions," Wilson said.

Prize for the winning entry will be a $100 United States Savings bond, awarded by the San Mateo County Fair association opening night of the fiesta, August 14.

STEEL HELMET SAVES ARMY CORPORAL CLAGET SHULDA

Corporal Claget Shulda of Daly City is alive today because of the steel helmet provided him by Uncle Sam proved to be a dangerous weapon.

Shulda was engaged in a hand to hand conflict with a Communist soldier in the battle for Porkchop hill when the helmet saved his life and killed the Chinese Red soldier.

The Red bit Shulda's finger off and made it impossible for the corporal to use his gun. Shulda removed his helmet and began to pound the Red on the head. The poundings resulted in a skull fracture and death for the Red soldier. Corporal Shulda, minus the finger, was taken to an army hospital for treatment of the amputated finger.

The 21 year old soldier has seen service in Germany. He expects to be rotated on August 13.

According to the April 1, 1950 Census of Agriculture, there were 124,582 tractors on 74,336 California farms.

Saturday Story Hours Can Be Heard By Daly City Children 5-10

The Daly City Library commission has announced that story hours are being held each Saturday morning at 10 o'clock for children between the ages of five and 10.

At the present time the story hours are being handled by members of the library staff, but in the future some of the hours will be conducted by local people who by way of their ability to interest children or their hobbies.

According to the release from the library commission, "Members feel that this type of program has been neglected too long, and are hopeful that the residents of Daly City can see the benefits the children can derive from it. They hope that parents will send or bring their children to the library each Saturday. Parents bringing children to the library will be able also to find out the benefits they can derive from the use of the Daly City Public library. Many persons know where the library is, but few have taken the trouble to enter and meet Miss Lorraine DeFanti, head librarian and the members of her staff—Miss Frances Nier, Mrs. Cecil Saarinen and Mrs. Rose Plummer."

LOCAL MAN WITNESS IN SLAYING INQUIRY

One of the first witnesses Monday before the Marin county grand jury which is investigating the June 16 shooting of Henry Strand, commercial photographer, was James Morrow, 265 Niantic street, Daly City.

The jury is investigating the murder and also charges that Strand's ex-wife, Mrs. Anne Strand Walter, was third-degreed by county authorities.

Morrow, a friend of Sheridan Lyle, San Francisco private investigator supposedly hired by Mrs. Walter, said he was home the night of the murder.

OBITUARIES

Hilding

Final rites were held Wednesday from W. C. Lasswell Co. for Minnie Hilding, 79, who passed away Sunday at her home in Redwood City, 210 Rockwood drive.

Mrs. Hilding was one of the pioneer Daly City residents, having arrived here in 1907.

The native of Denmark was the wife of the late Frank Hilding.

She is survived by two children, Alvin F. Hilding of Palo Alto and Mrs. Harriette Olson of South San Francisco; two grandchildren, Mrs. Shirle Ann Lange and Francis Olson; and a great grandchild, Ann Olson.

Interment was at Cypress Lawn Memorial park.

Pavao

Rose Pavao, who resided here at 274 Irvington street the past six weeks, passed away Thursday, July 9, in San Francisco hospital at the age of 69.

She was born in Hawaii.

She was the wife of Manuel Pavao, and mother of Mrs. Quain.

Services were held Saturday from W. C. Lasswell & Co.

Following 9:30 mass at Our Lady of Perpetual Help church, internment was held at Holy Cross cemetery.

Fazio

Theresa Fazio, a Daly City resident for 12 years, passed away Thursday, July 9, at 1511 Woodside road in Redwood City at the age of 64.

Born in Italy, she was the wife of Joe Gabriel Fazio, sister of Alexander and John Iorio, Mrs. Assunta Peileriti and Mrs. Lisetta Guastavino. She is also survived by 9 nephews and 5 nieces.

Services were held Monday from W. C. Lasswell & Co., with mass following at Our Lady of Perpetual Help church.

Entombment was at Italian cemetery.

Brobeck

Kathryn Lee Brobeck, a resident at 349 Niantic avenue the past 13 years, died Friday, July 10, at her home. She was 41 years old.

She is survived by her husband, Charles S. Brobeck, and a son, Charles S. Brobeck Jr. She also leaves her mother, Mrs. Syrus Mohr.

Services were conducted Monday from W. C. Lasswell & Co.

Graveside rites were held at Golden Gate National cemetery.

Hahnfeld

Services were held Monday for Allie Belle Hahnfeld, who died Friday, July 10, at her home on 561 Bellevue avenue at the age of 82.

She was the wife of the late H. F. Hahnfeld and mother of Mrs. Clara Doherty. Earl Daugherty, and the late Bradley Daugherty. She also leaves her sons-in-law, Anthony Doherty and Fran Daugherty and a sister-in-law, J. A. Straub.

Also surviving her are 10 grandchildren and four greatgrandchildren.

Inurnment was at Olivet Memorial park.

Gun Totin' Peeper Gets Big Fine And Suspended Term

Leslie J. Williams, the gun-totin' peeper was given a suspended sentence of 20 days and fined $200 for a violation of the dangerous weapons act last week by Judge Thomas L. Bocci when he appeared in municipal court last week.

Williams was apprehended by sheriff's deputies Italo Ferrari and William Krueger. At the time he was lurking near a parked car which contained a San Francisco couple. The couple said that Williams had followed them a mile down Skyline boulevard.

At the time of his arrest Williams had in his possession a .32 calibre Japanese made pistol. The officers found shells for the gun in his automobile.

Admitting that he liked to watch lovers, Williams said that he corried the gun to protect himself in the event that his presence was detected.

Local Man In Four Car Bayshore Mishap

A Daly City man was involved in a quadrangular auto mishap on Bayshore Freeway Sunday.

Hudie Conrad, 27, stopped his car behind another vehicle whose owner had been flagged down by William Harlee. Harlee's car was stalled on the highway, out of gas.

Harlee was standing between his car and that of the second driver when another auto, driven by Robert O'Neal, 32, of San Francisco, struck Conrad's car from the rear.

The Daly City driver's car hit the second car, knocking it against Harlee. Harlee suffered head and internal injuries and a broken shoulder.

ZINNIAS AND PETUNIAS ARE GARDEN STARS

With vacations completed, many of us are scanning our gardens with a critical eye. The week or month of neglect can be adjusted shortly by a little hard work. But, in the plant department, there is usually some need for major overhaul. Here is where zinnia and petunia transplants are of invaluable assistance. Quick-blooming, they restore that restful appealing touch that only flowering plants can give. Long blooming, they yield months of garden pleasure with little investment in time or care. Hardy and sun loving transplants can be set out on the sunniest day and bounce right back to grow like mad.

Zinnias are available in a multitude of types, from giant dahlia flowered down to miniature ground cover. Bright splashy colors predominate, suggesting mass plantings. A wise idea is to set some of the giant type in the cut flower bed as they provide masses of strong stemmed flowers.

Zinnias against the house, along the fences or in back of some wide sunny border are a joy to behold. According to the Bedding Plant Advisory board, they share top billing with petunias as the most popular summer annual.

Petunias grow lower, spread wider and are of more utility where a low spreading plant form is desired. Plants grown in pots can be set into the garden when in bloom to add quick color or brought into the house to brighten a window or shelf.

Civil Service Eligibles Accepted By Council

The city council accepted recommendations of the civil service board of review to place John L. Peterson, Louis M. Geuttle and Frank Rehe Jr. on the eligible list for garage mechanic. The men were named in that order.

Also recommended by the board and accepted by the council was Charles Maschinob. He is eligible for the position of poundmaster.

Raymond Tschirgi Asks For Letters

Mrs. Tosca Kaufmann, 11 First avenue, Daly City, reported this week that she has heard from naval Lieutenant and Mrs. Raymond H. Tschirgi who are stationed on Guam.

In the letter, Mrs. Tschirgi disclosed that their son Raymond Jr. is stationed in Japan with the air force, and is hungry for news from Daly City. A former Jefferson Union High school student young Tschrgi invites correspondence from some of his school mates. His address is:

A/FC Raymond H. Tschirgi Jr.

c/o Postmaster San Francisco

Courtesy And Caution Urged By Hiway Patrol

Sacramento — Packing your car for a vacation trip? Leave plenty of room for courtesy and obedience to the traffic rules and regulations for you will need them if you are going to return home safely, the California Highway patrol said today.

"It doesn't matter whether you're driving here in California or making a tour of other states," declared Patrol Commissioner B. R. Caldwell, "It will be a safer and more enjoyable vacation if you drive within the law. Just a second's inattention may cause an accident which can not only spoil a vacation but may bring death or serious injury.

"Be especially careful if you are driving on unfamiliar roads. Watch your speed and obey traffic signs and signals. It will pay off in added pleasure as well as safety."

Fremont County was the name originally proposed for Yolo County by the 1850 Legislature. Commissioners controls 18 miles of ship berthing space at San Francisco.

With an extension telephone, you save many steps during the day—and have a telephone handy to answer calls at night.

Extension Telephones Are Available Again!

For just pennies a day, you can have a time-saving, step-saving extension in your home

Your home can now be a truly modern, "extra-telephone" home. For, once again, we're able to install extension telephones. Extensions, you know, require only additional telephones—not outside cables and wires and central office facilities. With the convenience of an extension, you add still more value to the telephone in your home. And the cost of an extension is small—just pennies a day.

How to order an extension telephone

It takes only a few minutes to order an extension. Just call your Pacific Telephone Business Office. And we'll be glad to arrange an installation to meet your special needs. Like all telephone service, an extension is high in value—low in cost.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

When the man of the house is a hobbyist, an extension is particularly useful. He can make—and receive—calls from his workbench in the garage without taking time out to go into the house. In your home, too, you can have an extension in the kitchen, in the the den, in the bedroom—in any room in the house. Why not see about an extension for your home...soon.

Pacific Telephone
